MISSOURI STEER (HEIFER) STOCKER FORMULA 12/29/2023

Monday's Missouri Stocker formula consists of 0 (0) head with a weighted average weight of 0 (0) lbs. and a price value of 0 (0).

Volume and price data limited due to holidays and lack of sale activity. This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

(w/e 12/23/23)

Compared to last week, feeders sold mostly 5.00 to 10.00 higher with spots of 15.00 higher. The supply of feeders was moderate as the majority of barns held their last sale of the year. Loads of yearlings out numbered the supply of calves which is something that hasn't been seen for quite a while, 65 percent of the feeder offering was over 600 lbs. Early week saw very active market activity before business slowed for the holidays. Joplin Regional Stockyards kicked off the week with a big sale that included over 100 full pot loads of cattle. The monthly cattle on feed report was released on Friday. The report was viewed as slightly negative. On feed numbers were just slightly over the top side of pre report estimates and came in at 102.7. Placements were also right near the top of expectations at 98.1 and marketings were near the bottom of estimates at 92.6. A bit of moisture fell late week but in the liquid form right prior to Christmas temperatures were near 60 degrees so no one had to worry about chopping ice Christmas morning this year. A few stick out drafts this week included a load of 652 lbs. fancy steers at Joplin Regional Stockyards which sold for 259.00 another two loads of fancy 703 lb. steers also sold for 252.75. Kingsville Livestock Auction sold a load of 843 lb. steers at 235.50. On the heifer side there was several multi load drafts of light seven weights which sold from 218.00-222.60 with that top being two loads at Lolli Brothers Livestock Market. Boxed beef cutouts closed slightly higher for the week. On Friday choice closed at 292.93, up 1.29 and select closed at 261.15, up 0.33 compared to last week. Negotiated feedlot sales as of the Friday afternoon came in just over 50K head. Live sales were reported from 170.00-172.00 and dressed sales at 270.00-272.00. Missouri Stocker formula consists of 3219 head with a weighted average weight of 551.02 lbs. and a price value of 263.20, 9.01 higher than a week ago. The steer/heifer spread is 34.09.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

NATIONAL BOXED BEEF CUTOFF/BOXED BEEF CUTS

AGRICULTURAL PRICES

November Prices Received Index Down 0.1 Percent

The November Prices Received Index 2011 Base (Agricultural Production), at 113.2, decreased 0.1 percent from October and 15 percent from November 2022. At 99.8, the Crop Production Index is down 3.0 percent from last month and 20 percent from the previous year. The Livestock Production Index, at 134.0, increased 0.6 percent from October, but decreased 6.7 percent from November last year. Producers received lower prices during November for corn, hogs, cattle, and turkeys but higher prices for market eggs, soybeans, strawberries, and lettuce. In addition to prices, the volume change of commodities marketed also influences the indexes. In November, there was decreased marketing of soybeans, grapes, wheat, and dry beans but increased monthly movement for corn, cattle, milk, and cotton.

November Prices Paid Index Down 0.4 Percent

The November Prices Paid Index for Commodities and Services, Interest, Taxes, and Farm Wage Rates (PPITW), at 138.4, is down 0.4 percent from October and 0.3 percent from November 2022. Lower prices in November for feeder cattle, diesel, feed grains, and supplements more than offset higher prices for nitrogen, concentrates, repairs, and complete feeds.

MISSOURI WEEKLY HAY SUMMARY 12/21/23

Winter has officially arrived however this years arrival is much milder than a year ago when temperatures were in the negatives with extreme wind chills. Although feeding is occurring for nearly everyone now, livestock producers are appreciative of the lack of any major or prolonged winter type weather so far. Hay movement remains active and demand is good. The supply of hay is light to moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Alfalfa/grass mix - Good/Premium small square 5.00-10.00 per bale
Mixed grass - Good/Premium 150.00-225.00
Mixed grass - Fair/Good 100.00-175.00, small square 5.00-8.00 per bale
Mixed grass - Fair 50.00-100.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 01/08/2023

Monday's Missouri Stocker formula consists of 8750 (9352) head with a weighted average weight of 567.08 (553.53) lbs. and a price value of 272.35 (234.93), no weekly comparison available.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 49,999 Two Weeks Ago: 29,449 Year Ago: 59,896

Compared to two weeks ago, steers calves sold 10.00 to 15.00 higher, yearling steers and all heifers sold steady to 5.00 higher. The supply of feeders was heavy with a lot of 6 and 7 weight steers offered. This week was still an abbreviated week as there were several barns that took a full two weeks off for the holidays. Demand was good to very good as buyers were ready to get back to filling orders following the holidays and there was no major weather issues interrupting transportation in most of the nation. Looking back to the start of last year calf prices are generally 80.00-90.00 per cwt higher, heavier weight yearlings are 50.00-60.00 per cwt higher and corn is over 2.00 per bushel lower. Although weather changes are in the forecast dry conditions and lack of moisture is becoming concerning as some producers in the south are now reporting stock water issues. Feeding with out fighting mud and snow has been welcomed though and it is hard to complain. The weighted average price for 500-550 lb. M&L 1 steers this week was just a touch under 301.00 a full 16.00 higher than before the holidays. Some small packages of feather weight steers got back into the mid 3's. A few stick out drafts this week included a load of 516 lbs. steers at Green City Livestock Market that sold for 316.00, another load of 769 lb. steers sold for 242.00. Joplin Regional Stockyards sold two loads of 817 lb. steers for 236.00 as well as the largest draft of the week which was 315 head of 915 lb. steers which sold for 224.00. An eye catching load of 752 lb. heifers sold at Green City for 234.00 as replacements. Boxed beef cutouts closed slightly lower this week with choice seeing a sharp drop as holiday demand for cuts like prime rib disappeared. On Friday choice closed at 277.16, down 12.55 and select closed at 259.53, down 0.80 compared to last week. Negotiated feedlot sales as of the Friday afternoon came in right at 59K head as of the report there had been very little trade reported in the south. In the north live sales were reported from 173.00-175.00 and dressed sales at 274.00-275.00. Missouri Stocker formula consists of 8750 head with a weighted average weight of 567.08 lbs. and a price value of 272.35, 9.15 higher than two weeks ago. The steer/heifer spread is 37.42.

GRAIN CRUSHINGS AND CO PRODUCTS PRODUCTION

Total corn consumed for alcohol and other uses was 505 million bushels in November 2023. Total corn consumption was down 1 percent from October 2023 but up 1 percent from November 2022. November 2023 usage included 92.4 percent for alcohol and 7.6 percent for other purposes. Corn consumed for beverage alcohol totaled 5.35 million bushels, down 17 percent from October 2023 but up 21 percent from November 2022. Corn for fuel alcohol, at 455 million bushels, was down 1 percent from October 2023 but up 1 percent from November 2022. Corn consumed in November 2023 for dry milling fuel production and wet milling fuel production was 92.1 percent and 7.9 percent, respectively.

Dry mill co-product production of distillers dried grains with solubles (DDGS) was 1.80 million tons during November 2023, down 1 percent from October 2023 but up 1 percent from November 2022. Distillers wet grains (DWG) 65 percent or more moisture was 1.37 million tons in November 2023, down 1 percent from October 2023 and down 6 percent from November 2022.

Wet mill corn gluten feed production was 242,462 tons during November 2023, down 9 percent from October 2023 and down 13 percent from November 2022. Wet corn gluten feed 40 to 60 percent moisture was 202,534 tons in November 2023, down 5 percent from October 2023 and down 1 percent from November 2022.

OILSEED CRUSH, PRODUCTION, CONSUMPTION, STOCKS

Soybeans crushed for crude oil was 6.00 million tons (200 million bushels) in November 2023, compared with 6.04 million tons (201 million bushels) in October 2023 and 5.69 million tons (190 million bushels) in November 2022. Crude oil produced was 2.32 billion pounds down 2 percent from October 2023 but up 6 percent from November 2022. Soybean once refined oil production at 1.71 billion pounds during November 2023 decreased 9 percent from October 2023 but increased 5 percent from November 2022.

Canola seeds crushed for crude oil was 231,170 tons in November 2023, compared with 208,071 tons in October 2023 and 180,750 tons in November 2022. Canola crude oil produced was 182 million pounds, up 10 percent from October 2023 and up 26 percent from November 2022. Canola once refined oil production, at 161 million pounds during November 2023, was down 7 percent from October 2023 but up 11 percent from November 2022.

Cottonseed once refined oil production, at 26.6 million pounds during November 2023, was down 24 percent from October 2023 and down 28 percent from November 2022.

Edible tallow production was 98.5 million pounds during November 2023, up 30 percent from October 2023 and up 42 percent from November 2022. Inedible tallow production was 316 million pounds during November 2023, down 1 percent from October 2023 and down 13 percent from November 2022. Technical tallow production was 121 million pounds during November 2023, up 11 percent from October 2023 but down 3 percent from November 2022. Choice white grease production, at 117 million pounds during November 2023, increased 12 percent from October 2023 and increased slightly from November 2022.

MISSOURI WEEKLY HAY SUMMARY 01/04/24

Although very slightly improved drought conditions continue to be concerning across the state. Lack of any winter weather has been a relief for feeding and getting around the farm, but some farmers are now facing concerns about water for livestock as some ponds have dried up. Several other face a fear of freezing solid due to low levels if any extended cold does settle in over the state. As the new year kicks off one positive is most fertilizer ingredients are currently 20-40 percent lower than year ago levels. The supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-250.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Alfalfa/grass mix - Good/Premium small square 5.00-10.00 per bale

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-100.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 01/15/2023

Monday's Missouri Stocker formula consists of **4844 (4810)** head with a weighted average weight of **560.78 (541.48)** lbs. and a price value of **261.21 (226.18)**, 11.14 lower (8.75 lower) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 28,505 Week Ago: 49,999 Year Ago: 57,358

Compared to last week, feeders under 700 lbs. sold 5.00 to 10.00 lower, those over 700 lbs. sold steady to 5.00 lower. The supply of feeders was light and demand was light to moderate. Although the holidays are past not all barns were able to get back to business this week as winter weather complicated marketing. Five to ten inches of snow fell over north Missouri mid-week and neighboring states to the north and west were basically shut down and unable to accept any cattle even if sales had taken place. As the week ended record breaking dangerous cold settled over the state, temperatures dropped well below zero. The Kansas City weather station officially recorded an actual temperature of -17 with wind chills of -35. This has resulted in nearly all markets in the state closing on Monday and Tuesday (1/15-1/16) of the coming week. A few of the notable top end sales this week included a load of 813 lb. steers at Callaway Livestock Center that sold for 231.75. Kingsville Livestock Market sold a part load of 639 lb. steers for 275.50 and a full load of 717 lb. heifers at 224.25. Boxed beef cutouts posted significant gains this week. On Friday choice closed at 289.58, up 12.43 and select closed at 272.03, up 12.49 compared to last week. Negotiated feedlot sales as of the Friday afternoon was 35K head trade was light. Some slaughter plants had weather interruptions not only with the ability to receive livestock but also the ability for workers to get to plants. Live sales were reported from 172.00-175.00 and dressed sales at 272.00-275.00. Missouri Stocker formula consists of 4844 head with a weighted average weight of 560.78 lbs. and a price value of 261.21, 11.14 lower than a week ago. The steer/heifer spread is 35.03.

Lean (85-90%) 79.00-88.00

BRED COWS: Scarce

COW & CALF PAIRS: Scarce

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday in the Southern Plains negotiated cash trading has been limited with light demand. A few live FOB purchases have traded at 172.00, however, not enough for a full market trend. Last week in the Southern Plains live FOB purchases traded from 172.00-173.00. In Nebraska negotiated cash trade has been slow with light demand. Thus far for the week live FOB purchases traded steady to 2.00 lower at 173.00 and dressed delivered purchases traded 0.50-2.00 lower from 272.00 - 275.00. In the Western Cornbelt negotiated cash trade has been mostly inactive with light demand. Not enough purchases for a market trend. Thursday was the fully reported market with live FOB purchases at 175.00 and dressed delivered purchases 275.00, a light test of dressed purchases was noted.

GRAIN STOCKS

Corn stored in all positions on December 1, 2023 totaled 12.2 billion bushels, up 13 percent from December 1, 2022. Of the total stocks, 7.83 billion bushels are stored on farms, up 16 percent from a year earlier. Off-farm stocks, at 4.34 billion bushels, are up 7 percent from a year ago. The September - November 2023 indicated disappearance is 4.53 billion bushels, compared with 4.21 billion bushels during the same period last year. **Soybeans** stored in all positions on December 1, 2023 totaled 3.00 billion bushels, down 1 percent from December 1, 2022. Soybean stocks stored on farms totaled 1.45 billion bushels, down 2 percent from a year ago. Off-farm stocks, at 1.55 billion bushels, are up slightly from last December. Indicated disappearance for September - November 2023 totaled 1.43 billion bushels, down 6 percent from the same period a year earlier. **All wheat** stored in all positions on December 1, 2023 totaled 1.41 billion bushels, up 8 percent from a year ago. On-farm stocks are estimated at 395 million bushels, up 9 percent from last December. Off-farm stocks, at 1.02 billion bushels, are up 7 percent from a year ago. The September - November 2023 indicated disappearance is 357 million bushels, 23 percent below the same period a year earlier.

WORLD AGRICULTURAL SUPPLY AND DEMAND EST

WHEAT: Projected 2023/24 U.S. wheat ending stocks are lowered 11 million bushels on decreased supplies that more than offset less use. June 1 beginning stocks are reduced based on the NASS Grain Stocks report. Seed use is reduced 1 million bushels to 64 million. All wheat feed and residual use for 2023/24 is unchanged and reflects disappearance for June-November as indicated by the December 1 and revised September 1 stocks released in the NASS Grain Stocks report; however, there are offsetting by-class changes to feed and residual use. The 2023/24 season-average farm price is forecast \$0.10 per bushel lower at \$7.20, based on prices received to date and expectations for futures and cash prices for the remainder of 2023/24. **COARSE GRAINS:** This month's 2023/24 U.S. corn outlook is for greater production, larger food, seed, and industrial use (FSI), increased feed and residual use, and higher ending stocks. Corn production is estimated at a record 15.3 billion bushels, up 108 million as an increase in yield to a record 177.3 bushels per acre is partly offset by a 0.6-million acre decline in harvested area. Total corn use is raised 75 million bushels to 14.6 billion. Corn used for ethanol is raised 50 million bushels to 5.4 billion. Feed and residual use is raised 25 million bushels to 5.7 billion, based on indicated disappearance during the September-November quarter as reflected by the Grain Stocks report, and historical revisions to production and stocks from 2018 to 2022 following the recent Agricultural Census results. With supply rising more than use, 2023/24 corn stocks are up 31 million bushels. The season-average corn price received by producers is lowered 5 cents to \$4.80 per bushel. **OILSEEDS:** U.S. oilseed production for 2023/24 is estimated at 122.4 million tons, up 0.9 million from last month. Higher soybean, rapeseed, and sunflowerseed crops are partly offset by lower peanuts and cottonseed. Soybean production is estimated at 4.2 billion bushels, up 35 million, led by increases for Illinois, Missouri, and North Dakota. Harvested area is estimated at 82.4 million acres, down 0.4 million from the previous report. Yield is estimated at 50.6 bushels per acre, up 0.7 bushels. With slightly lower beginning stocks, soybean supplies are up 31 million bushels from last month. The soybean export and crush forecasts are unchanged. With higher supplies and slightly lower residual, ending stocks are projected at 280 million bushels, up 35 million. The soybean oil balance sheet adjustments include increased imports and biofuel use, and lower exports and food, feed, and other industrial use. Lower food, feed, and other industrial use is partly offset by higher imports and consumption of canola oil.

MISSOURI WEEKLY HAY SUMMARY 01/11/24

The first major winter storm of the year came this week with the northern 1/3 of the state seeing the most impact. Snowfall ranged from 5- 10 inches causing some interruptions to hay movement. Given that the ground was mostly still unfrozen farmers struggled feeding between snow and mud that appeared underneath. The moisture was welcome however and those in the south would sure like to see some as several becoming quite concerned with lack of stock water supplies. The supply of hay is light to moderate, demand is moderate to good, and prices mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Alfalfa/grass mix - Good/Premium small square 5.00-10.00 per bale
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 50.00-100.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 01/22/2023

Monday's Missouri Stocker formula consists of **1042 (962)** head with a weighted average weight of **570.83 (559.18)** lbs. and a price value of **266.69 (230.86)**, 5.48 higher (4.68 higher) than last week. *Volume and prices impacted by inclement weather and lack of sale activity. This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 7,170 Week Ago: 28,505 Year Ago: 41,759

Compared to last week, a very light test of feeders sold with firm to higher undertones. Auction activity was very limited this week with most auctions being cancelled due to extreme cold and winter weather. The supply light and demand was light to moderate. Buyers would light to get back to buying cattle and filling orders but in many cases transporting cattle this week was impossible even if they could find them to buy. There has been some auctions that have seen near a month now without any market due to holidays and winter weather. Record setting cold make things just downright miserable for most of the week. Weeks like this make the hay piles smaller in a hurry as famers have to provide not only full diets but also provide a place for cattle to lay down and try to retain some body heat. Late in the week there was a few sales that took place and price were quite good reflecting buyers desire to fill orders. Callaway Livestock Center held a special yearling sale on Friday with many load lots of yearlings. A load of 733 lb. steers sold at 247.50 and two loads of 918 lb. steers sold for 223.00. Eastern Missouri Commission Company sold a part load of 811 lb. fancy heifers that were bought as replacements for 232.50. The monthly Cattle on Feed Report was released on Friday and came and went without any fanfare as all numbers feel with in expectations. The livestock sector will now wait till the end of the month for the semi-annual inventory report to see just how much the herd has decreased in the last year. Boxed beef cutouts posted significant gains again this week. On Friday choice closed at 295.50, up 5.91 and select closed at 283.05, up 11.48 compared to last week. Negotiated feedlot sales as of the Friday afternoon was dismal with only 12K head reported for the week. Missouri Stocker formula consists of 1042 head with a weighted average weight of 570.83 lbs. and a price value of 266.69, 6.81 higher than a week ago. The steer/heifer spread is 35.83.

CATTLE ON FEED

United States Cattle on Feed Up 2 Percent

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.9 million head on January 1, 2024. The inventory was 2 percent above January 1, 2023. The inventory included 7.20 million steers and steer calves, up 2 percent from the previous year. This group accounted for 60 percent of the total inventory. Heifers and heifer calves accounted for 4.74 million head, up 2 percent from 2023.

Placements in feedlots during December totaled 1.70 million head, 4 percent below 2022. Net placements were 1.64 million head. During December, placements of cattle and calves weighing less than 600 pounds were 440,000 head, 600-699 pounds were 410,000 head, 700-799 pounds were 380,000 head, 800-899 pounds were 279,000 head, 900-999 pounds were 110,000 head, and 1,000 pounds and greater were 85,000 head.

Marketings of fed cattle during December totaled 1.73 million head, 1 percent below 2022.

Other disappearance totaled 60,000 head during December, 11 percent above 2022.

MISSOURI WEEKLY HAY SUMMARY 01/18/24

A tough week for famers in the state as extremely cold record breaking weather settled across the Midwest. Hay movement was minimal as transportation in many areas was near impossible. Farmers struggled just getting around to feed locally and dealing with all the headaches that come with the extreme low temperatures. NASS officially released hay production and stock numbers this past week. Those numbers did indeed reflect much lower supplies than historically normal but didn't seem to paint the picture quite as negatively as many felt it was or should be related to what is being seen locally in most areas of the state. The supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Alfalfa/grass mix - Good/Premium small square 5.00-10.00 per bale
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 50.00-100.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 01/29/2023

Monday's Missouri Stocker formula consists of 6712 (6672) head with a weighted average weight of 561.20 (551.93) lbs. and a price value of 277.77 (240.45), 11.08 higher (9.59 higher) than last week. *Volume and prices impacted by inclement weather and lack of sale activity. This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 40,065 Week Ago: 7,170 Year Ago: 18,231
Compared to a light test last week feeders sold 5.00 to 10.00 higher, many barns hadn't had a sale for two weeks and a few had to go all the way prior to Christmas due to the holidays and winter weather interruptions so some barns locally saw big jumps in the markets compared to their last local test. The supply was moderate although some early week barns were limited due to an ice storm several cattle got to the barns before conditions prevented travel. A mid-week warm up melted ice and much of the snow that has covered the ground in the northern part of the state for over two weeks. This resulted in extremely muddy conditions statewide that made feeding and moving cattle a sloppy mess. Demand was good to very good as despite less than favorable weather as buyers were eager to have the opportunity to finally fill a few orders. The slaughter cow and bull market also posted some significant gains will some high dressing cows into the mid 120's and the top end of the bulls in the high 150's to 160. January was hard on the hay piles and many farmers are once again expressing some concerns about hay supplies, but water supplies are no longer an issue. Several stick out sales this week which included a load of 516 lbs. steers at Joplin Regional Stockyards which sold for 317.00. A load of 639 lb. steers at New Cambria Livestock Market sold for 277.75. Unionville Livestock Market sold a load of reputation 879 lb. steers for 236.75. Windsor Livestock Market sold a load of 705 lb. heifers at 226.75. The largest draft of the week was 315 head of 904 lb. heifers at Joplin Regional Stockyards that sold for 195.50. Boxed beef cutouts posted gains again this week with choice passing the 300.00 mark once again. On Friday choice closed at 300.53, up 5.03 and select closed at 289.13, up 6.08 compared to last week. Negotiated feedlot sales as of the Friday afternoon was 81K reported for the week. Live sales were reported at 174.00-177.00 and dressed sales at 277.00-279.00. Missouri Stocker formula consists of 6712 head with a weighted average weight of 561.20 lbs. and a price value of 277.77, 11.08 higher than a week ago. The steer/heifer spread is 37.32.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

COLD STORAGE

Total natural cheese stocks in refrigerated warehouses on December 31, 2023 were up slightly from the previous month but down slightly from December 31, 2022.

Butter stocks were down 6 percent from last month and down 8 percent from a year ago.

Total frozen poultry supplies on December 31, 2023 were up 4 percent from the previous month and up slightly from a year ago. Total stocks of chicken were down slightly from the previous month and down 6 percent from last year. Total pounds of turkey in freezers were up 20 percent from last month and up 29 percent from December 31, 2022.

Total frozen fruit stocks were down 8 percent from last month but up 4 percent from a year ago.

Total frozen vegetable stocks were down 7 percent from last month and down 2 percent from a year ago.

Total red meat supplies in freezers were up 4 percent from the previous month but down 9 percent from last year. Total pounds of beef in freezers were up 6 percent from the previous month but down 11 percent from last year. Frozen pork supplies were up 3 percent from the previous month but down 6 percent from last year. Stocks of pork bellies were up 16 percent from last month but down 11 percent from last year.

LIVESTOCK SLAUGHTER

Commercial red meat production for the United States totaled 4.55 billion pounds in December, up 2 percent from the 4.47 billion pounds produced in December 2022.

Beef production, at 2.19 billion pounds, was 2 percent below the previous year. Cattle slaughter totaled 2.59 million head, down 3 percent from December 2022. The average live weight was up 17 pounds from the previous year, at 1,401 pounds.

Veal production totaled 3.9 million pounds, 14 percent below December a year ago. Calf slaughter totaled 22,500 head, down 32 percent from December 2022. The average live weight was up 56 pounds from last year, at 293 pounds.

Pork production totaled 2.34 billion pounds, up 5 percent from the previous year. Hog slaughter totaled 10.8 million head, up 5 percent from December 2022. The average live weight was down 1 pound from the previous year, at 291 pounds.

Lamb and mutton production, at 10.7 million pounds, was down 3 percent from December 2022. Sheep slaughter totaled 182,400 head, 2 percent above last year. The average live weight was 115 pounds, down 7 pounds from December a year ago.

January to December 2023 commercial red meat production was 54.4 billion pounds, down 2 percent from 2022. Accumulated beef production was down 5 percent from last year, veal was down 11 percent, pork was up 1 percent from last year, and lamb and mutton production was down 1 percent.

MISSOURI WEEKLY HAY SUMMARY 01/25/24

A slight warm up following the latest ice and snow event along with some rain has provided a fair amount of moisture recently. Although only a slight improvement was shown on the latest drought monitor, several farmers are now dealing with significant mud. January was hard on hay piles and several farmers are now questioning if they have enough hay for the rest of feeding season or now or not. Road conditions are now making hay transportation possible again. The supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-250.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Alfalfa/grass mix - Good/Premium small square 5.00-10.00 per bale

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-100.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 02/05/2023

Monday's Missouri Stocker formula consists of 8713 (9516) head with a weighted average weight of 559.79 (553.56) lbs. and a price value of 290.14 (249.19), 12.38 higher (8.64 higher) than last week. *Volume and prices impacted by inclement weather and lack of sale activity. This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 52,173 Week Ago: 40,065 Year Ago: 26,015

Compared to last week, feeders sold 5.00 to 10.00 higher, with several calves 10.00 to 20.00 higher. The supply of feeders was heavy as weather conditions were favorable for getting cattle to town and across the country. Several producers have decided to market calves now rather than wait given current price levels and the lack of any extra feed on hand. Demand was good to very good. Buyers are trying to fill orders for grazing calves already and bigger feeders are not having many problems finding pen space in feedlots either. Once again, we are back to talking about record or near record prices at the auctions. Yearling are close but understandably so as grazing season is approaching it's the calf market that is pushing towards new territory. Weaning and vaccinations still matter and make a difference in price although the discounts might not be as severe as they typically are in the early fall months. The semiannual cattle inventory report was released midweek and as expected the cattle herd was reported down 2% and the lowest since 1951. Missouri saw a 6% or 116,000 head drop in momma cows due mostly to the drought over the summer. Several stick out sales this week included a part load of 449 lb. steers at Joplin Regional Stockyards which sold for 360.00. A load of 546 lb. steers at Green City Livestock Market sold for 312.50. Unionville Livestock Market sold a load of 643 lb. steers for 290.00. Interstate Regional Stockyards sold a load of 730 lb. steers at 252.75. Boxed beef cutouts were unable to hold on to the 300.00 mark. On Friday choice closed at 293.08, down 7.45 and select closed at 283.47, down 5.66 compared to last week. Negotiated feedlot sales as of the Friday afternoon was 60K reported for the week. Live sales were reported at 176.00-179.00 and dressed sales at 280.00. Missouri Stocker formula consists of 8713 head with a weighted average weight of 559.79 lbs. and a price value of 290.14, 12.38 higher than a week ago. The steer/heifer spread is 40.95. This was also a record high price value.

CATTLE

All cattle and calves in the United States as of January 1, 2024 totaled 87.2 million head, 2 percent below the 88.8 million head on January 1, 2023.

All cows and heifers that have calved, at 37.6 million head, were 2 percent below the 38.3 million head on January 1, 2023. Beef cows, at 28.2 million head, were down 2 percent from a year ago. Milk cows, at 9.36 million head, were down slightly from the previous year.

All heifers 500 pounds and over as of January 1, 2024 totaled 18.5 million head, 1 percent below the 18.8 million head on January 1, 2023. Beef replacement heifers, at 4.86 million head, were down 1 percent from a year ago. Milk replacement heifers, at 4.06 million head, were down slightly from the previous year. Other heifers, at 9.57 million head, were 2 percent below a year earlier.

Steers weighing 500 pounds and over as of January 1, 2024 totaled 15.8 million head, down 2 percent from January 1, 2023.

Bulls weighing 500 pounds and over as of January 1, 2024 totaled 2.02 million head, down slightly from January 1, 2023.

Calves under 500 pounds as of January 1, 2024 totaled 13.3 million head, down 3 percent from January 1, 2023.

Cattle and calves on feed for the slaughter market in the United States for all feedlots totaled 14.4 million head on January 1, 2024. The inventory is up 2 percent from the January 1, 2023 total of 14.2 million head. Cattle on feed in feedlots with capacity of 1,000 or more head accounted for 82.7 percent of the total cattle on feed on January 1, 2024, up slightly from the previous year. The combined total of calves under 500 pounds and other heifers and steers over 500 pounds (outside of feedlots), at 24.2 million head, was 4 percent below January 1, 2023.

The 2023 calf crop in the United States was estimated at 33.6 million head, down 2 percent from the previous year's calf crop. Calves born during the first half of 2023 were estimated at 24.7 million head, down 2 percent from the first half of 2022. Calves born during the second half of 2023 were estimated at 8.89 million head, 26 percent of the total 2023 calf crop.

GRAIN CRUSH AND CO-PRODUCTS PRODUCTION

Total corn consumed for alcohol and other uses was 529 million bushels in December 2023. Total corn consumption was up 4 percent from November 2023 and up 11 percent from December 2022. December 2023 usage included 93.0 percent for alcohol and 7.0 percent for other purposes. Corn consumed for beverage alcohol totaled 3.80 million bushels, down 29 percent from November 2023 and down 15 percent from December 2022. Corn for fuel alcohol, at 482 million bushels, was up 5 percent from November 2023 and up 13 percent from December 2022. Corn consumed in December 2023 for dry milling fuel production and wet milling fuel production was 91.9 percent and 8.1 percent, respectively.

OILSEED CRUSH, PRODUCTION, CONSUMPTION, STOCKS

Soybeans crushed for crude oil was 6.13 million tons (204 million bushels) in December 2023, compared with 6.00 million tons (200 million bushels) in November 2023 and 5.62 million tons (187 million bushels) in December 2022. Crude oil produced was 2.38 billion pounds, up 2 percent from November 2023 and up 8 percent from December 2022. Soybean once refined oil production at 1.71 billion pounds during December 2023 increased 1 percent from November 2023 and increased 8 percent from December 2022.

Canola seeds crushed for crude oil was 192,796 tons in December 2023, compared with 219,843 tons in November 2023 and 181,455 tons in December 2022. Canola crude oil produced was 155 million pounds, down 12 percent from November 2023 but up 6 percent from December 2022. Canola once refined oil production, at 156 million pounds during December 2023, was down 1 percent from November 2023 but up 16 percent from December 2022.

MISSOURI WEEKLY HAY SUMMARY 02/01/24

As expected, the drought monitor showed significant improvement following recent moisture in the state. Over 40 percent of the state is no longer in drought status. This has led to a lot of mud in much of the state as temperatures have been above average the last week. Although there has been some difficulty due to the mud for the most part trucking is back to normal, and a fair amount of hay is moving once again. The supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory/> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

MISSOURI STEER (HEIFER) STOCKER FORMULA 02/12/2023

Monday's Missouri Stocker formula consists of **11,861 (11,148)** head with a weighted average weight of **562.25 (547.05)** lbs. and a price value of **291.71 (258.00)**, 1.57 higher (8.81 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 59,155 Week Ago: 52,173 Year Ago: 45,256

Compared to last week, feeders sold steady to 10.00 higher, with several calves once again seeing spots of 20.00 higher. Heifer calves saw significant strength this week as the steer/heifer spread had grown wider than usual over the last few weeks. The supply of feeders was heavy as weather conditions remained favorable. Joplin Regional Stockyards held the biggest one-day sale in the history of the barn, marketing 15,578 head through the barn. Nearly every barn saw large runs this week and this was actually the largest weekly volume of the year thus far as much of the early year sales were impacted by weather. Demand was good to very good and many of the calf prices are back to record levels passing those seen in 2015. Yearlings still have a bit to reach those records set last fall but are still at very respectable levels. Some incredible top sales this were reported this week. Several small packages of light 4 wt. steers sold with tops from 365.00-371.00. A load of fancy reputation steers sold at Windsor Livestock Auction about a month earlier than usual weight 552 lbs. and sold for 358.00. A part load of 609 lb. steers at Joplin Regional Stockyards sold for 305.00. Green City Livestock Market held their annual angus factored sale and sales included a load of 708 lb. steers at 280.00. Kingsville Livestock Auction sold a load of 872 lb. Boxed beef cutouts had slight gains this week. On Friday choice closed at 294.04, up 0.96 and select closed at 285.08, up 1.61 compared to last week. Negotiated feedlot sales as of the Friday afternoon report were very light with trade just starting to develop at the report cutoff. 14K head were reported with trade still occurring sales were stronger this week. Live sales were reported at 180.00 and Dressed sales at 285.00. Missouri Stocker formula consists of 11,861 head with a weighted average weight of 562.25 lbs. and a price value of 291.71, 1.57 higher than a week ago. The steer/heifer spread is 33.71.

WORLD AGRICULTURE SUPPLY AND DEMAND EST

WHEAT: The outlook for 2023/24 U.S. wheat is for stable supplies, lower domestic use, unchanged exports, and higher ending stocks. Food use is reduced 10 million bushels to 960 million, on lower wheat flour grind as indicated in the NASS Flour Milling Products report released on February 1. The reduction is the result of the October-December quarter, which was the lowest flour grind on record for this quarter as reported in Flour Milling Products. Wheat exports are unchanged at 725 million bushels with offsetting byclass changes for Hard Red Spring and Hard Red Winter. Projected ending stocks are raised 10 million bushels to 658 million. The 2023/24 season-average farm price forecast is unchanged at \$7.20 per bushel.

COARSE GRAINS: This month's 2023/24 U.S. corn outlook is for lower food, seed, and industrial use and larger ending stocks. Corn used for glucose and dextrose is reduced 10 million bushels based on indicated usage to date. With no other use changes, U.S. corn ending stocks are up 10 million bushels from last month. The season-average corn price received by producers is unchanged at \$4.80 per bushel.

OILSEEDS: This month's 2023/24 U.S. soybean outlook is for lower soybean exports and higher ending stocks. Soybean exports are forecast at 1.72 billion bushels, down 35 million from last month, reflecting the slow pace of shipments through January and strong competition with Brazil. With crush unchanged, ending stocks are forecast at 315 million bushels, up 35 million. The U.S. season-average soybean price for 2023/24 is forecast at \$12.65 per bushel, down \$0.10 from last month. The soybean meal price is forecast unchanged at \$380 per short ton. The soybean oil price is forecast at 51 cents per pound, down 3 cents.

MISSOURI WEEKLY HAY SUMMARY 02/08/24

Warmer temperatures have been a welcome relief but have come at the cost of a lot of mud around. Hay movement has been good as several farmers used much more hay in January than they really wanted to, and it is still a while before there will be any grass even with the recent warm up and most know that there will still be more winter before spring turn out. The supply of hay is light to moderate, demand is moderate to good, and prices mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-250.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-100.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 02/19/2023

Monday's Missouri Stocker formula consists of 7,150 (8,110) head with a weighted average weight of 554.59 (547.04) lbs. and a price value of 297.73 (262.28), 6.02 higher (4.28 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 44,855 Week Ago: 59,155 Year Ago: 33,144

Compared to last week, feeders sold steady to 5.00 higher. There were some instances sharply higher and even some spots mid-to late week in which some lower prices made an appearance for the first time in quite a few weeks. The supply of feeders continues to be heavy, even with a couple of short-lived snows falling in different parts of the state this week. Demand is good to very good as buyers continue to aggressively try and fill orders before grass arrives. Despite 60 percent of the state still showing on the drought monitor, farmers are feeding in and dealing with mud as soon as the sun comes out and the morning freeze is gone. Some of this week's stick out sales included a part load of 431 lb. steers at Kingsville Livestock Market which sold for 374.00. Callaway Livestock Center had a load of 535 lb. steers at 343.00. Tina Livestock Market sold a load of 737 lb. steers at 264.35. Two loads of steers 818 lbs. and 837 lbs. both sold at Kingsville Livestock Market for 250.00. Joplin Regional Stockyards had some impressive heifer prices this week with a load of 505 lb. heifers at 303.00 and two loads of 715 lb. fancy heifers which sold for 254.00. Boxed beef cutouts had slight gains again this week. On Friday choice closed at 296.20, up 2.16 and select closed at 286.66, up 1.58 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 78K head. Live sales were reported at 180.00-182.00 and Dressed sales at 285.00-287.00. Missouri Stocker formula consists of 7,150 head with a weighted average weight of 554.59 lbs. and a price value of 297.73, 6.02 higher than a week ago. The steer/heifer spread is 35.45.

Farms and Land in Farms Highlights

The number of farms in the United States for 2023 is estimated at 1,894,950, down 5,700 farms from 2022. The number of farms decreased in all sales classes except the \$1,000,000 or more sales class. In 2023, 48.3 percent of all farms had less than \$10,000 in sales and 79.0 percent of all farms had less than \$100,000 in sales. In 2023, 9.7 percent of all farms had sales of \$500,000 or more. Total land in farms, at 878,560,000 acres, decreased 1,100,000 acres from 2022. The biggest change for 2023 is that producers in Sales Class \$1,000,000 or more operated 14,160,000 more acres than in 2022. In 2023, 26.2 percent of all farmland was operated by farms with less than \$100,000 in sales, while 49.8 percent of all farmland was operated by farms with sales of \$500,000 or more. The average farm size for 2023 is 464 acres, up from 463 acres the previous year.

2022 Census Volume 1, Chapter 1: State Level Data

The census of agriculture provides a detailed picture of U.S. farms and ranches every five years. It is the leading source of uniform, comprehensive agricultural data for every State and county or county equivalent. The link above will direct you to complete state level data.

MISSOURI WEEKLY HAY SUMMARY 02/15/24

A week of mixed weather across the state although as a whole the state remains warmer than average. The drought monitor is basically unchanged for the third week in a row. Currently about 60 percent of the state is still showing up in some stage of drought. Despite that status it is pretty muddy in lots and in places trying to feed and it is still pretty easy to get stuck if one isn't aware of the spots that stay wet. Although there is still plenty of feeding days left many farmers are thinking about fertilizer now and lots are out checking prices if they haven't already pre-bought. The latest monthly report from DTN show little movement over the last month but farmers will find prices lower than last year. The supply of hay is light to moderate, demand is moderate to good, and prices mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 50.00-100.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 02/26/2023

Monday's Missouri Stocker formula consists of **8,219 (8,372)** head with a weighted average weight of **550.14 (545.24)** lbs. and a price value of **302.11 (267.29)**, 4.38 higher (5.01 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 49,899 Week Ago: 44,855 Year Ago: 39,924
Compared to last week, feeders sold 2.00 to 8.00 higher. Another big run at the barns this week with heavy supplies at nearly every auction. Joplin Regional Stockyards broke their one-day all-time record volume again after doing so just a couple of weeks ago and sold 15,769 head though the barn in one day. Demand remains good to very good as buyers continue to pay more each week for cattle. Grass fever is in full swing as the first signs of spring seems to be arriving early. Tree frogs can be heard peeping their songs, daffodils are blooming around old farmhouses and some of last year's crop fields are getting a slight tint of purple from henbit just starting to bloom. Friday's cattle on feed report was viewed as somewhat bearish and could cause a minor hick up as the week starts but overall, the story of supplies hasn't changed despite large numbers coming to the market in a short amount of time. Marketings and On Feed number were nearly even with year ago as expected. January placements were expected to be much lower than a year ago with the average estimate at 88 percent. This was due to extremely limited movement in January due to holidays and winter weather. There was one week in Missouri were nearly every auction was canceled. When the report was released however Placements were tagged at 93 percent which was the top end of pre report estimates. This left many of the industry analysis scratching their heads over the weekend. Some of this week's stick out sales included 21 head of 375 lb. steers at Joplin Regional Stockyards that sold for 405.00. Kingsville Livestock Market sold a load of 528 lb. steers at 350.00 and another load of 805 lb. steers at 248.00. Unionville Livestock Market had a load of 912 lb. steers which sold for 241.75. Callaway Livestock Center sold 99 head of 552 lb. heifers for 301.25. Boxed beef cutouts values were mixed this week. Choice closed on Friday at 300.61, up 4.41 and select closed at 286.31, down 0.35 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 42K head with sales developing late and more likely took place after the report cutoff. Live sales were reported at 182.00-184.00 and Dressed sales at 292.00. The Missouri Stocker Formula is at a record high as of this report. Missouri Stocker formula consists of 8,219 head with a weighted average weight of 550.14 lbs. and a price value of 302.11, 5.01 higher than a week ago. The steer/heifer spread is 34.82.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

CATTLE ON FEED

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.8 million head on February 1, 2024. The inventory was slightly above February 1, 2023.

Placements in feedlots during January totaled 1.79 million head, 7 percent below 2023. Net placements were 1.71 million head. During January, placements of cattle and calves weighing less than 600 pounds were 370,000 head, 600-699 pounds were 395,000 head, 700-799 pounds were 475,000 head, 800-899 pounds were 377,000 head, 900-999 pounds were 105,000 head, and 1,000 pounds and greater were 70,000 head.

Marketings of fed cattle during January totaled 1.84 million head, slightly below 2023.

Other disappearance totaled 81,000 head during January, 29 percent above 2023

LIVESTOCK SLAUGHTER

Commercial red meat production for the United States totaled 4.77 billion pounds in January, up slightly from the 4.76 billion pounds produced in January 2023.

Beef production, at 2.28 billion pounds, was 2 percent below the previous year. Cattle slaughter totaled 2.73 million head, down 3 percent from January 2023. The average live weight was up 9 pounds from the previous year, at 1,389 pounds.

Veal production totaled 3.9 million pounds, 12 percent below January a year ago. Calf slaughter totaled 22,600 head, 26 percent below January 2023. The average live weight was up 45 pounds from last year, at 294 pounds.

Pork production totaled 2.47 billion pounds, 2 percent above the previous year. Hog slaughter totaled 11.4 million head, 2 percent above January 2023. The average live weight was down 1 pound from the previous year, at 292 pounds.

Lamb and mutton production, at 10.6 million pounds, was 4 percent above January 2023. Sheep slaughter totaled 171,700 head, 5 percent above last year. The average live weight was 121 pounds, down 2 pounds from January a year ago.

MISSOURI WEEKLY HAY SUMMARY 02/22/24

Spring was in the air this week. Although grass turn out is still a ways away there are some early sprigs of grass showing up especially in the southern part of the state. Warmer weather has some people looking to unload some extra hay now and the average to lower quality hay has backed off from the higher prices seen earlier in the feeding season. Given the high cost of hay and the general lower supplies most farmers are glad for what appears to be an early spring. The supply of hay is light to moderate, demand is moderate, and prices for high quality hay steady to firm mid to lower quality hay steady to weak. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-275.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-75.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 03/04/2023

Monday's Missouri Stocker formula consists of 5,120 (5,966) head with a weighted average weight of 540.06 (537.62) lbs. and a price value of 311.08 (271.13), 8.97 higher (3.84 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 33,883 Week Ago: 49,899 Year Ago: 29,940

Compared to last week, grazing weight calves mostly under 700 lbs. sold 5.00 to 10.00 higher with heavier weight yearling types steady to 5.00 higher. The supply of feeders was moderate with offerings at local barns slowing up slightly. Demand is good to very good as buyers continue to aggressively buy up calves that can be put out on grass. Still a lot of reports of producers selling earlier than normal as prices are just too good to pass up. February was one of the warmest on record and this has a lot of green showing around the state already. Despite a short-lived dose of winter midweek much of the past week was spent in short sleeves. A few farmers are out in the fields cutting in gas for corn, if they didn't already get that done last fall. Pastures and hay fields are getting fertilizer applied and everyone seems happy about the early spring. There is some concern that moisture is needed though as near 86 percent of the state is listed as abnormally to moderately dry and without some spring moisture all that hope and optimism for the new growing year will fade quickly. A few of this week's stick out sales included 35 head of 465 lb. steers at Joplin Regional Stockyards which sold for 365.00. Ozarks Regional Stockyards had two big stick out sales this week 270 head of 556 fancy black white faced steers which sold for 329.85 and another 111 head of 717 lb. steers which sold for 271.50. Callaway Livestock Center sold a load of 856 lbs. steers for 248.00. Boxed beef cutouts values were higher this week. Choice closed on Friday at 305.28, up 4.67 and select closed at 295.74, up 9.43 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 69K head with sales developing late and more likely took place after the report cutoff. Live sales were reported at 183.00-184.50 and Dressed sales at 290.00. The Missouri Stocker Formula doing exactly what it was designed to do and continues to reflect prices climbing higher into new record territory. Missouri Stocker formula consists of 5,120 head with a weighted average weight of 540.06 lbs. and a price value of 311.08, 8.97 higher than a week ago. The steer/heifer spread is 39.95.

GRAIN CRUSH AND CO-PRODUCTS PRODUCTION

Total corn consumed for alcohol and other uses was 477 million bushels in January 2024. Total corn consumption was down 10 percent from December 2023 and down 3 percent from January 2023. January 2024 usage included 92.8 percent for alcohol and 7.2 percent for other purposes. Corn consumed for beverage alcohol totaled 4.00 million bushels, up 5 percent from December 2023 but down 34 percent from January 2023. Corn for fuel alcohol, at 434 million bushels, was down 10 percent from December 2023 and down 2 percent from January 2023. Corn consumed in January 2024 for dry milling fuel production and wet milling fuel production was 92.4 percent and 7.6 percent, respectively.

Dry mill co-product production of distillers dried grains with solubles (DDGS) was 1.76 million tons during January 2024, down 10 percent from December 2023 but up 3 percent from January 2023. Distillers wet grains (DWG) 65 percent or more moisture was 1.30 million tons in January 2024, down 7 percent from December 2023 but up 3 percent from January 2023.

Wet mill corn gluten feed production was 225,691 tons during January 2024, down 8 percent from December 2023 and down 16 percent from January 2023. Wet corn gluten feed 40 to 60 percent moisture was 200,086 tons in January 2024, down 5 percent from December 2023 and down 4 percent from January 2023.

OILSEED CRUSH, PRODUCTION/CONSUMPTION, STOCKS

Soybeans crushed for crude oil was 5.84 million tons (195 million bushels) in January 2024, compared with 6.13 million tons (204 million bushels) in December 2023 and 5.73 million tons (191 million bushels) in January 2023. Crude oil produced was 2.29 billion pounds, down 4 percent from December 2023 but up 2 percent from January 2023. Soybean once refined oil production at 1.59 billion pounds during January 2024 decreased 7 percent from December 2023 and decreased 8 percent from January 2023.

Canola seeds crushed for crude oil was 203,989 tons in January 2024, compared with 192,796 tons in December 2023 and 204,340 tons in January 2023. Canola crude oil produced was 166 million pounds, up 7 percent from December 2023 and up less than 1 percent from January 2023. Canola once refined oil production, at 155 million pounds during January 2024, was down 1 percent from December 2023 and down 1 percent from January 2023.

Cottonseed once refined oil production, at 25.3 million pounds during January 2024, was down 21 percent from December 2023 and down 32 percent from January 2023.

Edible tallow production was 72.5 million pounds during January 2024, down 15 percent from December 2023 and down 13 percent from January 2023. Inedible tallow production was 299 million pounds during January 2024, down 10 percent from December 2023 and down 9 percent from January 2023. Technical tallow production was 109 million pounds during January 2024, down 10 percent from December 2023 but up 2 percent from January 2023. Choice white grease production, at 118 million pounds during January 2024, increased 4 percent from December 2023 and increased 3 percent from January 2023.

MISSOURI WEEKLY HAY SUMMARY 02/29/24

Although a mid-week cold snap provided a reminder it is still winter, warmth and record highs has been the story for much of February making it one of the warmest on record. The seemingly early spring has been a relief for farmers feeding given the amount of hay used in January. On the other hand, as a result of the unusually warm weather it comes as no surprise more of the state is showing on the drought monitor. As of this report near 86 percent of the state is listed as abnormally to moderately dry. It is Missouri and that can change quickly before growing season really arrives, but it is a bit of a concern currently. Several new listings of mid to lower quality hay are showing up as those who have unsold hay start to try to move some of last year's hay from inventory before hay feeding ends and it is time to start focusing on this year's crop. The supply of hay is light to moderate, demand is moderate, prices for high quality hay steady to firm mid to lower quality hay steady to weak. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 50.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 03/11/2023

Monday's Missouri Stocker formula consists of 7,486 (7,386) head with a weighted average weight of 545.30 (539.70) lbs. and a price value of 313.37 (274.18), 2.29 higher (3.05 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 43,047 Week Ago: 33,883 Year Ago: 33,511

Compared to last week, feeders sold steady to 5.00 higher. The supply of feeders was moderate, and demand was good. Although the steer/heifer ratio was near normal it was noted that many of the largest drafts in the state this week were heifers with many 650-750 lb. load lots coming to the barns. Despite some slight talk of rebuilding and guys looking for cows it seems the record or near record prices are discouraging much retention at this point. Although it wasn't statewide there was a fair amount of the state that got an inch or two of rain which was much needed as the early spring is already consuming moisture and 99.5 percent of the state was shown in the latest drought monitor. Although nothing has been confirmed it is no surprise there has been a lot of mention of several crop farmers getting the itch to get planters in the fields. Although it wouldn't be the earliest planting date that I can recall in my career it is still quite early in the year. A few of this week's stick out sales included 27 head of 474 lb. steers at Kingsville Livestock Auction which sold for 374.00. Callaway Livestock Center sold 39 head of 544 lb. steers for 337.50. A load of 679 lb. steers at Unionville Livestock Market brought 289.00. Lolli Brothers Livestock Market had a handful of partial loads of 700-710 lb. steers that sold from 284.00-286.00. Windsor Livestock Market sold a load of 854 lb. steers for 249.75. One of the higher priced of several loads of 700-750 lb. heifers around the state this week sold at Tina Livestock Market for 254.75. Boxed beef cutouts values continue to inch higher as grilling season gets closer. Choice closed on Friday at 307.04, up 1.76 and select closed at 297.43, up 1.69 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 62K head with sales mostly taking place on Thursday. Live sales were reported at 183.00-186.00 and Dressed sales at 292.00-300.00. Missouri Stocker formula consists of 7,486 head with a weighted average weight of 545.30 lbs. and a price value of 313.37, 2.29 higher than a week ago. The steer/heifer spread is 39.19.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in all trading regions negotiated cash trade has
been slow on light demand. Compared to last week in the Southern
Plains live FOB purchases traded 2.00 higher at 185.00, on a light
test. The most recent market in Nebraska was Thursday with live
FOB purchases traded from 185.00-186.00, mostly at 185.00, with
dressed delivered purchases traded from 292.00-300.00. The most
recent market in the Western Cornbelt was Thursday with live
FOB purchases from 185.00 - 186.00, dressed delivered purchases
traded at 292.00.

WORLD AGRICULTURAL SUPPLY AND DEMAND EST

COARSE GRAINS: This month's 2023/24 U.S. corn outlook is unchanged relative to last month. The season-average corn price received by producers is lowered to \$4.75 per bushel based on observed prices to date.

Global coarse grain production for 2023/24 is forecast 2.7 million tons lower to 1,507.4 million. This month's foreign coarse grain outlook is for reduced production, larger trade, and smaller ending stocks relative to last month. Foreign corn production is forecast lower with declines for South Africa, Ukraine, Mexico, Venezuela, and Russia that are partly offset by increases for Argentina and Syria. South Africa is down reflecting lower yield prospects. Mexico is cut based on expectations of lower winter corn area. Ukraine and Russia are reduced based on reported harvest results to date. Argentina is raised based on higher expected area. Foreign barley production is down, with reductions for Iraq and Syria that are partly offset by an increase for Australia.

OILSEEDS: The outlook for U.S. soybean supply and use for 2023/24 is unchanged this month. While soybean crush is unchanged, the soybean meal extraction rate is increased slightly, and higher soybean meal exports are mostly offset by lower domestic use. The U.S. season-average soybean price and the soybean meal price forecasts are unchanged for 2023/24. The soybean oil price is reduced 2 cents to 49 cents per pound.

Global 2023/24 oilseed production is reduced 0.7 million tons to 658.7 million, on lower soybean and sunflowerseed production partly offset by higher rapeseed. Sunflowerseed production is reduced on lower output for South Africa. Rapeseed production is increased on higher output for India, Russia, and Ukraine.

Global soybean production is reduced 1.4 million tons on lower production for Brazil and South Africa. Global 2023/24 soybean supply and demand forecasts include lower beginning stocks, lower production, lower crush, higher exports, and lower ending stocks compared to last month. Beginning stocks are lowered 1.4 million tons mainly on historical crush and import revisions for China. Soybean crush for China is raised for 2020/21 to 2022/23 based on a review of in-country estimates and supplies. Soybean imports for China for 2022/23 are also raised to reflect shipping data by major exporters.

WHEAT: The outlook for 2023/24 U.S. wheat this month is for unchanged supplies and domestic use, lower exports, and higher ending stocks. Exports are reduced 15 million bushels to 710 million with reductions for Soft Red Winter and Hard Red Winter. Ending stocks are raised by an equivalent amount to 673 million bushels and are 18 percent higher than last year. The season-average farm price is reduced \$0.05 per bushel to \$7.15.

The global wheat outlook for 2023/24 is for larger supplies, consumption, and trade with reduced stocks. Supplies are projected to increase 0.8 million tons to 1,057.8 million, primarily on higher government production estimates for Australia, Russia, and Argentina partially offset by reductions for the EU and Serbia. Global consumption is raised 1.5 million tons to 799.0 million, mainly on higher feed and residual use for the EU, Kazakhstan, and Indonesia. World trade is raised 1.4 million tons to 212.1 million on higher exports by Ukraine, Australia, and Turkey. Projected 2023/24 global ending stocks are lowered 0.6 million tons to 258.8 million, the lowest since 2015/16.

MISSOURI WEEKLY HAY SUMMARY 03/07/24

Much needed rain is falling for several around the state as of the writing of this report. The latest drought monitor is showing 99.5% of the state in abnormally to moderately dry so some moisture would be very welcome as grass is growing and spring seems to be here. Several farmers got fertilizer spread over the last week or two so the rain should give them the full benefit of that. The supply of hay is light to moderate, demand is moderate, prices are unevenly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-275.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-75.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 03/18/2023

Monday's Missouri Stocker formula consists of 4,497 (4,702) head with a weighted average weight of 534.51 (532.57) lbs. and a price value of 315.90 (275.18), 2.53 higher (1.00 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 27,258 Week Ago: 43,047 Year Ago: 31,352

Compared to last week, feeders sold mostly steady to 5.00 higher. The supply of feeders was light to moderate, and demand was good to very good. Not a lot of large drafts of lighter weight calves as most have already been marketed at this point and new crops are just starting to show up. Most of the light weights were drafts just on either size of 10 head counts. Buyers still looking to fill orders though and orders have come with the line just get them bought. Calves that were weaned had shots and in the right condition seemed to not have a top only some random point when someone blinked and couldn't believe how far they already pushed the other guy. Some rain and springtime storms brought some moisture to most of the state over the last week, heavy winds and hail did cause damage in some locations, but it seems as if major damage was averted for the most part. A few of this week's stick out sales included 32 head of 443 lb. steers at Joplin Regional Stockyards which sold for 391.00. F and T Livestock Market sold 100 head of 518 lb. steers for 342.00. Joplin Regional Stockyards sold 97 head of 622 lb. steers at 296.00 and 87 head of 715 lb. steers at 273.75. Windsor Livestock Market sold two loads of 811 lb. steers at 254.25. Again, this week several loads of 700-750 lb. heifers around the state with one of the top loads being 81 head of 711 lb. heifers at Lolli Brothers Livestock Market which sold for 257.75 and went to feed. Boxed beef cut-outs values continue the climb higher. Choice closed on Friday at 311.90, up 4.86 and select closed at 302.40, up 4.97 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 75K head with sales developing on Thursday and continuing into Friday. Live sales were reported at 185.00-189.00 and Dressed sales at 295.00-300.00. Missouri Stocker formula consists of 4,497 head with a weighted average weight of 534.51 lbs. and a price value of 315.90, 2.53 higher than a week ago. The steer/heifer spread is 40.72.

Kansas City	100.00	347.20	185.00	91.67
St. Louis	n/a	n/a	187.50	77.67

NORTH AMERICAN GRAIN AND OILSEED CRUSH 2020

Combined United States and Canadian soybeans crushed for crude oil was 69.5 million tons in 2023, an increase of 2 percent from 2022. Crude oil production was 27.3 billion pounds, up 2 percent from 2022.

Combined United States and Canadian canola seeds crushed for crude oil was 13.9 million tons in 2023, up 20 percent from 2022. Crude oil production was 11.6 billion pounds, up 21 percent from 2022.

TURKEY HATCHERY

Eggs in Incubators on March 1 Down 6 Percent from Last Year

Turkey eggs in incubators on March 1, 2024 in the United States totaled 25.0 million, down 6 percent from March 1, 2023. Eggs in incubators were down 1 percent from the February 1, 2024 total of 25.4 million eggs.

Poults Hatched During February Down 7 Percent from Last Year

Turkey poults hatched during February 2024 in the United States totaled 20.2 million, down 7 percent from February 2023. Poults hatched were down 6 percent from the January 2024 total of 21.5 million poults.

Net Poults Placed During February Down 7 Percent from Last Year

The 18.5 million net poults placed during February 2024 in the United States were down 7 percent from the number placed during the same month a year earlier. Net poult placements were down 6 percent from the January 2024 total of 19.8 million.

HONEY

United States Honey Production Up 11 Percent in 2023

United States honey production in 2023 totaled 139 million pounds, up 11 percent from 2022. There were 2.51 million colonies producing honey in 2023, down 6 percent from 2022. Yield per colony averaged 55.2 pounds, up 17 percent from 2022. Colonies which produced honey in more than one State were counted in each State where the honey was produced. Therefore, at the United States level yield per colony may be understated, but total production would not be impacted. Colonies were not included if honey was not harvested. Producer honey stocks were 44.0 million pounds on December 15, 2023, up 90 percent from a year earlier. Stocks held by producers exclude those held under the commodity loan program.

Honey Prices Down 16 Percent in 2023

United States honey prices decreased 16 percent during 2023 to \$2.52 per pound, compared to \$3.01 per pound in 2022. United States and State level prices reflect the portions of honey sold through cooperatives, private, and retail channels. Prices for each color class are derived by weighting the quantities sold for each marketing channel. Prices for the 2022 crop reflect honey sold in 2022 and 2023. Some 2022 crop honey was sold in 2023, which caused some revisions to the 2022 crop prices.

MISSOURI WEEKLY HAY SUMMARY 03/14/24

Some spring storms this week provided some moisture to much of the state. A few cells carried some strong winds and small hail but only minor damage was reported anywhere. The drought monitor will take a bit to reflect the latest moisture at this point very little improvement was noted over last week. Grass should really take off now with the moisture and most cattle although still eating some hay are more interested in chasing any green that pops up. It will take a bit before grass can get ahead of grazing pressure so some feeding will continue for a while longer. The supply of hay is light to moderate, demand is moderate, prices are steady to weak. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-275.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-75.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 03/25/2023

Monday's Missouri Stocker formula consists of 5,652 (6,382) head with a weighted average weight of 535.41 (532.11) lbs. and a price value of 321.95 (281.27), 6.05 higher (6.09 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 39,026 Week Ago: 28,143 Year Ago: 28,856

Compared to last week, feeders sold 3.00 to 7.00 higher. The supply of feeders was moderate, and demand was good to very good. Buyers for light weight grazers continue to have to work to put together numbers as there just isn't a lot of big drafts of home raised calves left to market currently. Most are smaller lots with anything close to a full gooseneck enough to catch some attention. Several loads of heavyweights continue to show with many of them being put together cattle that were bought at some point earlier and now coming back to town with a little more age and a few more lbs. The monthly cattle on feed report came out Friday afternoon and confirming most of the local coffee shop talk the analyst missed the mark with guesses this month and the report will be viewed as bearish. Marketings and On-Feed numbers came in near the high end of the pre-report estimates at 103 and 101 percent. Placements was reported at 110 percent a full one percent above the top end of the range. Despite all numbers being above the year ago comparisons looking back over history the total numbers are much lower than what is typically reported in February which continues to support that beef numbers are still tight and will continue to be for the foreseeable future. Once again price levels for cull cows and bulls have gotten to very high levels as lean ground demand is high, and supplies are low. Top cow reported this week sold for 154.00 and top bull reported at 178.50. That totals up to a lot of value for cull animals which provides an opportunity to add some genetics when replacing. Even though many higher quality replacement heifers are on either side of the \$3K mark when one can get around \$1800 or more for cull cows that does not make genetics that expensive compared to historical spreads. A few of this week's stick out sales included a small handful of 339 lb. feather weight steers at Tina Livestock Market which sold for 445.00. A half load of 562 lb. steers sold at Green City Livestock Center sold a load of 700 lb. steers at 302.00. Joplin Regional Stockyards had 154 head of 806 lb. steers which brought 255.00. Several loads of 700-750 lbs. heifers at multiple barns again this week. Kingsville Livestock Auction had the largest draft which was 219 head of 733 lb. heifers which sold at 254.35. Ozarks Regional Stockyards has a gooseneck load of 500 lbs. heifers which sold for 322.00. Boxed beef cutouts values closed slightly lower this week. Choice closed on Friday at 310.72, down 1.18 and select closed at 301.47, down 0.93 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 96K head prices levels were stronger this week pushing both live and dressed prices to all-time record highs. Live sales were reported at 188.00-191.50 and Dressed sales at 302.00. Missouri Stocker formula consists of 5,652 head with a weighted average weight of 535.41 lbs. and a price value of 321.95, 6.05 higher than a week ago. The steer/heifer spread is 40.68.

LIVESTOCK SLAUGHTER

Commercial red meat production for the United States totaled 4.55 billion pounds in February, up 7 percent from the 4.26 billion pounds produced in February 2023.

Beef production, at 2.17 billion pounds, was 4 percent above the previous year. Cattle slaughter totaled 2.61 million head, up 3 percent from February 2023. The average live weight was up 10 pounds from the previous year, at 1,384 pounds.

Veal production totaled 3.6 million pounds, 6 percent below February a year ago. Calf slaughter totaled 19,600 head, down 24 percent from February 2023. The average live weight was up 57 pounds from last year, at 312 pounds.

Pork production totaled 2.37 billion pounds, up 10 percent from the previous year. Hog slaughter totaled 11.0 million head, up 10 percent from February 2023. The average live weight was down 1 pound from the previous year, at 290 pounds.

Lamb and mutton production, at 10.9 million pounds, was up 8 percent from February 2023. Sheep slaughter totaled 171,800 head, 11 percent above last year. The average live weight was 124 pounds, down 5 pounds from February a year ago.

January to February 2024 commercial red meat production was 9.32 billion pounds, up 3 percent from 2023. Accumulated beef production was up 1 percent from last year, veal was down 9 percent, pork was up 6 percent from last year, and lamb and mutton production was up 6 percent.

CATTLE ON FEED

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.8 million head on March 1, 2024. The inventory was 1 percent above March 1, 2023.

Placements in feedlots during February totaled 1.89 million head, 10 percent above 2023. Placements were the highest for February since the series began in 1996. Net placements were 1.83 million head. During February, placements of cattle and calves weighing less than 600 pounds were 360,000 head, 600-699 pounds were 330,000 head, 700-799 pounds were 515,000 head, 800-899 pounds were 485,000 head, 900-999 pounds were 150,000 head, and 1,000 pounds and greater were 50,000 head.

Marketings of fed cattle during February totaled 1.79 million head, 3 percent above 2023.

Other disappearance totaled 56,000 head during February, 3 percent below 2023.

MISSOURI WEEKLY HAY SUMMARY 03/21/24

A cold front passed over the state and brought more seasonal weather this week. Given the much above normal temperatures and early growth the cooler weather comes with some concern about possible damage. It should also be no surprise that there were some reports of weevils showing up in alfalfa prior to the cold which will hopefully slow them down. Still a fair amount of hay moving as most producers are trying to keep grass from being over grazed to early. Despite some recent moisture the state remains dry, and most guys aren't having too much trouble or worries about wet spots as they get fertilizer spread. The supply of hay is light to moderate; demand is moderate, prices are steady to weak. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-275.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-75.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 04/01/2023

Monday's Missouri Stocker formula consists of **4,254 (4,069)** head with a weighted average weight of **522.00 (521.48)** lbs. and a price value of **317.83 (275.50)**, 4.12 lower (5.77 lower) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 26,323 Week Ago: 39,026 Year Ago: 28,244

Compared to last week, feeders sold 3.00 to 7.00 lower. The supply of feeders was light to moderate, and demand was moderate to good. Several reporters noted more new crop calves this week which were a little softer and not all weaned. These calves are not near as desirable for turn out as those that have more days weaned and carrying less flesh which had been making up most of the offering in previous weeks. Most of the big orders for spring grazers have been filled at this point but still some smaller guys that wait as prices do typically take a dip as the new crop starts to show. These calves do come with a bit more risk and don't see quite as quick gains. Another thing that comes into play is not everyone has places to hold them so some have to wait till grass is here or very close before they can buy. Although feeders were lower this week the cull market continues to keep steadily climbing. Top bull in the state this week sold for 186.00; weighting in at 2200 lbs. that amount of cull value was quite impressive. For the most part prices with a 4 were gone this week. A load of 453 lb. steers at Joplin Regional Stockyards sold for 370.00. Callaway Livestock Center had a few impressive sales this week. A part load of 507 lbs. steers sold for 350.00; and another part load of 624 lb. steers sold for 331.00. Lolli Brothers Livestock Market had a package of 729 lbs. steers which sold for 277.00. A full load of 860 lbs. steers at Joplin Regional Stockyards sold for 239.00. Kingsville Livestock Auction sold 165 head of 701 lb. heifers at 252.00 which was about 2.00 back from the over 200 head string they sold last week. Boxed beef cutouts values were mixed for the week. Choice closed on Friday at 306.72, down 4.00 and select closed at 303.43, up 1.96 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled only 60K head prices levels were mostly lower this week. Live sales were reported at 186.00-190.00 and Dressed sales at 299.00-302.00. Missouri Stocker formula consists of 4,254 head with a weighted average weight of 522.00 lbs. and a price value of 317.83, 4.12 lower than a week ago. The steer/heifer spread is 42.33.

GRAIN STOCKS

Corn stocks in all positions on March 1, 2024 totaled 8.35 billion bushels, up 13 percent from March 1, 2023. Of the total stocks, 5.08 billion bushels were stored on farms, up 24 percent from a year earlier. Off-farm stocks, at 3.27 billion bushels, are down 1 percent from a year ago. The December 2023 - February 2024 indicated disappearance is 3.82 billion bushels, compared with 3.42 billion bushels during the same period last year.

Soybeans stored in all positions on March 1, 2024 totaled 1.85 billion bushels, up 9 percent from March 1, 2023. Soybean stocks stored on farms are estimated at 933 million bushels, up 24 percent from a year ago. Off-farm stocks, at 912 million bushels, are down 3 percent from last March. Indicated disappearance for the December 2023 - February 2024 quarter totaled 1.16 billion bushels, down 13 percent from the same period a year earlier.

All wheat stored in all positions on March 1, 2024 totaled 1.09 billion bushels, up 16 percent from a year ago. On-farm stocks are estimated at 272 million bushels, up 20 percent from last March. Off-farm stocks, at 816 million bushels, are up 14 percent from a year ago. The December 2023 - February 2024 indicated disappearance is 334 million bushels, 10 percent below the same period a year earlier.

Durum wheat stocks in all positions on March 1, 2024 totaled 36.6 million bushels, up 2 percent from a year ago. On-farm stocks, at 18.8 million bushels, are up 10 percent from March 1, 2023. Off-farm stocks totaled 17.8 million bushels, down 5 percent from a year ago. The December 2023 - February 2024 indicated disappearance of 8.71 million bushels is 29 percent below the same period a year earlier.

PROSPECTIVE PLANTINGS

Corn planted area for all purposes in 2024 is estimated at 90.0 million acres, down 5 percent or 4.61 million acres from last year. Compared with last year, planted acreage is expected to be down or unchanged in 38 of the 48 estimating States.

Soybean planted area for 2024 is estimated at 86.5 million acres, up 3 percent from last year. Compared with last year, planted acreage is up or unchanged in 24 of the 29 estimating States.

All wheat planted area for 2024 is estimated at 47.5 million acres, down 4 percent from 2023 for comparable States. The 2024 winter wheat planted area, at 34.1 million acres, is down 7 percent from last year and down 1 percent from the previous estimate for comparable States. Of this total, about 24.3 million acres are Hard Red Winter, 6.26 million acres are Soft Red Winter, and 3.59 million acres are White Winter. Area expected to be planted to other spring wheat for 2024 is estimated at 11.3 million acres, up 1 percent from 2023. Of this total, about 10.7 million acres are Hard Red Spring wheat. Durum planted area for 2024 is expected to total 2.03 million acres, up 22 percent from the previous year for comparable States.

All cotton planted area for 2024 is estimated at 10.7 million acres, up 4 percent from last year. Upland area is estimated at 10.5 million acres, up 4 percent from 2023. American Pima area is estimated at 203,000 acres, up 38 percent from 2023.

MISSOURI WEEKLY HAY SUMMARY 03/28/24

A week of variety as far as weather goes in the state. Areas in the south saw excess of 3 inches of rain causing some local flooding, while some in the far northwest got a light dusting of snow. Some frosty nights might have set some growth back slightly but as the weekend nears a warmup is expected to push much of the state into the mid 70's for a few days. Mostly all producers are still feeding while they wait for grass to outpace grazing. Still a fair amount of hay for sale as some look to move some inventory before turn out occurs most cattle guys aren't looking to have much if any carry over so the hope for a good growing season is high. The supply of hay is light to moderate; demand is moderate, prices are steady to weak. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-275.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-75.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 04/08/2023

Monday's Missouri Stocker formula consists of 5,404 (4,541) head with a weighted average weight of 527.24 (521.04) lbs. and a price value of 317.81 (277.02), 0.02 lower (1.52 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 29,662 Week Ago: 26,323 Year Ago: 37,182

Compared to last week, feeders sold unevenly steady. There were spots across the board both a few dollars lower and a few dollars higher without out much rhyme or reason to weights or the day of the week. The supply of feeders was light to moderate, and demand was moderate to good. Given the ups and downs of the futures markets due to news and rumors about avian flu virus, some of which proved true while other parts didn't, prices at the local auctions held together very well for the week. Given that prices have been at or near record levels rumors are more than enough to cause some nervousness and sometimes move markets significantly. Local auctions were about the only bright spot this week as fed cattle, boxed beef, and futures all ended the week much lower. A few notable sales this week included a load of 417 lb. steers with thin flesh at Kingsville Livestock Market which sold for 394.00. A part load of 511 lb. steers at Joplin Regional Stockyards sold for 350.00. A part load of 714 lbs. steers at Green City Livestock Market sold for 284.50. Joplin Regional Stockyards also sold two loads of 801 lb. steers at 259.75. A couple of notable heifer sales included a load of 501 lb. heifers at Callaway Livestock Center which sold for 310.00 and a load of 703 lb. heifers at Lolli Brothers Livestock Market which brought 257.75. Boxed beef cutouts values were sharply lower for the week. Choice closed on Friday at 297.17, down 9.05 and select closed at 294.70, down 8.73 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled about 75K head prices levels were lower this week. Live sales were reported at 183.00-187.00 and Dressed sales at 296.00-297.00. Missouri Stocker formula consists of 5,404 head with a weighted average weight of 527.24 lbs. and a price value of 317.02, 0.02 lower than a week ago. The steer/heifer spread is 40.79.

GRAIN CRUSH AND CO-PRODUCTS PRODUCTION

Total corn consumed for alcohol and other uses was 492 million bushels in February 2024. Total corn consumption was up 2 percent from January 2024 and up 11 percent from February 2023. February 2024 usage included 92.1 percent for alcohol and 7.9 percent for other purposes. Corn consumed for beverage alcohol totaled 4.54 million bushels, up 13 percent from January 2024 and up 35 percent from February 2023. Corn for fuel alcohol, at 442 million bushels, was up less than 1 percent from January 2024 and up 11 percent from February 2023. Corn consumed in February 2024 for dry milling fuel production and wet milling fuel production was 92.4 percent and 7.6 percent, respectively.

Dry mill co-product production of distillers dried grains with solubles (DDGS) was 1.81 million tons during February 2024, up 3 percent from January 2024 and up 16 percent from February 2023. Distillers wet grains (DWG) 65 percent or more moisture was 1.17 million tons in February 2024, down 10 percent from January 2024 but up 1 percent from February 2023.

Wet mill corn gluten feed production was 254,386 tons during February 2024, up 13 percent from January 2024 and up 3 percent from February 2023. Wet corn gluten feed 40 to 60 percent moisture was 207,421 tons in February 2024, up 4 percent from January 2024 and up 12 percent from February 2023.

OILSEED CRUSH, PRODUCTION, CONSUMPTION, STOCKS

Soybeans crushed for crude oil was 5.82 million tons (194 million bushels) in February 2024, compared with 5.84 million tons (195 million bushels) in January 2024 and 5.31 million tons (177 million bushels) in February 2023. Crude oil produced was 2.29 billion pounds, up less than 1 percent from January 2024 and up 10 percent from February 2023. Soybean once refined oil production at 1.63 billion pounds during February 2024 increased 2 percent from January 2024 but decreased 2 percent from February 2023.

MISSOURI WEEKLY HAY SUMMARY 04/04/24

As we officially get a bit into Spring the weather has been extremely volatile. Some severe weather this week which did cause some damage in a few locations with wind, hail and heavy rains. A few areas reported some flurries to a light dusting of snow. The cold snaps lately have slowed what seemed a month ago to be a very early growing season. Hay interest continues to slowly decrease as turnout draws closer each day. There is still demand and movement occurring just at a bit slower pace. The supply of hay is light to moderate; demand is moderate, prices are steady to weak. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 50.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 04/15/2023

Monday's Missouri Stocker formula consists of 4,759 (4,849) head with a weighted average weight of 534.39 (519.34) lbs. and a price value of 307.80 (269.87), 10.01 lower (7.15 lower) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 29,485 Week Ago: 29,662 Year Ago: 33,573

Compared to last week, feeders sold 5.00 to 10.00 lower. The supply of feeders was light to moderate, and demand was moderate. Many farmers are turned attention to spring field work this week. Fertilizer buggies at many co-ops were in short supply as farmers were spreading pastures and hay fields. Planting is going at a swift rate as farmers went to work getting corn in the ground. Several farmers have turned out to grass now especially in the south as cattle pretty much no longer want any hay even if it is rolled out for them. A few notable sales this week included a pkg of 431 lb. steers at Callaway Livestock Center that sold at 381.00. A pkg of 508 lb. steers at Ozarks Regional Stockyards which brought 353.00. A draft of 704 lbs. steers at Windsor Livestock Auction sold for 274.00 as well as a load of 812 lb. steers which sold at 256.50. Several loads of 700-750 lb. heifers at Kingsville Livestock Auction sold from 244.35-246.75. Boxed beef cutouts values were slightly higher for the week. Choice closed on Friday at 300.57, up 3.40 and select closed at 295.54, up 0.84 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled about 69K head price levels were lower once again this week. Live sales were reported at 182.00-185.00 and Dressed sales at 293.00-295.00. The Missouri Stocker formula consists of 4,759 head with a weighted average weight of 534.39 lbs. and a price value of 307.80, 10.01 lower than a week ago. The steer/heifer spread is 37.93.

MISSOURI CROP PROGRESS AND CONDITION

There were 4.8 days suitable for fieldwork in the week ending April 7, 2024. Statewide, the average temperature was 51.9 degrees, 1.4 degrees above normal. Precipitation averaged 1.06 inches, 0.36 inches above normal. Topsoil moisture supply was rated 5 percent very short, 23 percent short, and 72 percent adequate. Subsoil moisture supply was rated 10 percent very short, 34 percent short, and 56 percent adequate. Corn planted reached 7 percent, compared to the 5-year average of 3 percent. Soybeans planted reached 3 percent. Rice planted reached 14 percent, compared to the 5-year average of 2 percent. Winter wheat headed reached 2 percent. Winter wheat condition was 1 percent poor, 23 percent fair, 64 percent good, and 12 percent excellent.

WORLD AGRICULTURAL SUPPLY AND DEMAND EST

WHEAT: This month's supply and demand outlook for 2023/24 U.S. wheat is for lower supplies, reduced domestic use, unchanged exports, and higher ending stocks. Supplies are tightened with a reduction in projected imports by 5 million bushels to 140 million on a slower-than-expected import pace, primarily for Hard Red Winter. Domestic consumption is forecast down on lower-than-expected implied feed and residual use in the second and third quarters based on the latest NASS Grain Stocks report. As a result, annual feed and residual use is lowered 30 million bushels to 90 million. Projected 2023/24 ending stocks are raised 25 million bushels to 698 million, 22 percent above last year. The season average farm price is reduced \$0.05 per bushel to \$7.10.

COARSE GRAINS: This month's 2023/24 U.S. corn outlook is for greater corn used for ethanol and feed and residual use and smaller ending stocks. Corn used for ethanol is raised 25 million bushels to 5.4 billion based on data through February from the Grain Crushings and Co-Products Production report and weekly ethanol production data as reported by the Energy Information Administration for the month of March. Feed and residual use is increased 25 million to 5.7 billion based on indicated disappearance WASDE-647-2 during the December-February quarter. With no supply changes and use rising, ending stocks are lowered 50 million bushels to 2.1 billion bushels. The season-average farm price is lowered 5 cents to \$4.70 per bushel.

OILSEEDS: The outlook for U.S. soybean supply and use for 2023/24 includes lower imports, residual, and exports, and higher ending stocks. Soybean trade is reduced on WASDE-647-3 pace to date and expectations for future shipments. With the trade changes and slightly lower residual, soybean ending stocks are raised 25 million bushels to 340 million. The U.S. season-average soybean price for 2023/24 is forecast at \$12.55 per bushel, down 10 cents. Soybean meal and oil prices are unchanged at \$380 per short ton and 49 cents per pound, respectively.

MISSOURI WEEKLY HAY SUMMARY 04/11/24

Starting to see a good amount of field work taking place as weather allows. A lot of fertilizer has gone down on pastures and hay fields now. Corn planting is underway with the addition of this week's planting the state should be past 10% planted now. Hay harvest has started in some of the southern coast states now but still at least a month away from any new hay here in MO. Still a fair amount of hay moving, high quality grass hay suitable for equine finding good demand, Alfalfa and beef quality hay demand mostly moderate. The supply of hay is light to moderate, and prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-275.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-75.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 04/22/2023

Monday's Missouri Stocker formula consists of 5,762 (5,272) head with a weighted average weight of 530.09 (515.68) lbs. and a price value of 309.71 (273.15), 1.91 higher (3.28 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 35,524 Week Ago: 29,485 Year Ago: 38,751

Compared to last week, feeders sold unevenly steady from 2.00 lower to 2.00 higher. The supply of feeders was moderate. Many reporters have noted the change in the make-up of the feeder supply over the last two or three weeks. A much larger percentage of the offering now changing to short or non-weaned new crop calves carrying a bit more flesh and not providing that immediate gain for new owners. Demand remains good although prices are at lower levels. Spring planting is running at full force and a ton of progress has been made over the last two weeks. Moisture is still very much a concern, although it has been nice for field work being this dry in April is not a good way to start the year. There was even some haying that took place last week most of which will be wrapped but there was at least a little dry alfalfa put up now. The monthly Cattle on Feed report was released on Friday afternoon and should be viewed as neutral to slightly positive placements were reported 12% below last year and slightly below the pre-report estimates. On Feed numbers was reported as 1% above last year and at the bottom of the pre-report range of estimates. Marketing were reported 14% below year ago levels but again right at the bottom of pre-report estimates. A few notable sales this week included a part load of 459 lb. steers at Callaway Livestock Center that sold at 372.00. A load of 707 lb. steers at Lolli Brothers Livestock Market sold for 279.75. Callaway Livestock Center sold a full load of 848 lb. steers for 271.75. Ozarks Regional Stockyards sold a part load of 545 lb. heifers for 293.00 and New Cambria Livestock Auction had a load of 701 lb., heifers which brought 259.50. Boxed beef cutouts values were lower for the week. Choice closed on Friday at 295.67, down 4.90 and select closed at 290.83, down 4.91 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled about 49K head price levels were steady to slightly lower this week. Live sales were reported at 182.00-184.00 and Dressed sales at 292.00. The Missouri Stocker formula consists of 5,762 head with a weighted average weight of 530.09 lbs. and a price value of 309.71, 1.91 higher than a week ago. The steer/heifer spread is 36.56.

CATTLE ON FEED

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.8 million head on April 1, 2024. The inventory was 1 percent above April 1, 2023. The inventory included 7.27 million steers and steer calves, up 2 percent from the previous year. This group accounted for 61 percent of the total inventory. Heifers and heifer calves accounted for 4.56 million head, up 1 percent from 2023.

Placements in feedlots during March totaled 1.75 million head, 12 percent below 2023. Net placements were 1.69 million head. During March, placements of cattle and calves weighing less than 600 pounds were 330,000 head, 600-699 pounds were 260,000 head, 700-799 pounds were 460,000 head, 800-899 pounds were 466,000 head, 900-999 pounds were 170,000 head, and 1,000 pounds and greater were 60,000 head.

Marketings of fed cattle during March totaled 1.71 million head, 14 percent below 2023.

Other disappearance totaled 57,000 head during March, 8 percent above 2023.

MISSOURI WEEKLY HAY SUMMARY 04/18/24

Hay season is underway in the state, granted we aren't talking dry hay yet but, there has been several producers out baling and wrapping. Planting progress is well underway and currently well ahead of the five-year average pace. Drought conditions persist and although the lack of moisture is allowing farmers to get work done moisture is needed near 70 percent of the state is currently showing on the drought monitor. That compares to only 14 percent a year ago at this time. There have been several reports of producers out buying some hay now to store till next feeding season as they do not wish to start the year with empty hay piles now knowing how last year went. The supply of hay is light to moderate, and prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 50.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 04/29/2023

Monday's Missouri Stocker formula consists of 5,374 (5,057) head with a weighted average weight of 537.27 (525.95) lbs. and a price value of 315.42 (278.42), 5.71 higher (5.27 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 32,408 Week Ago: 35,524 Year Ago: 34,671

Compared to last week, feeders sold 2.00 to 7.00 higher. The supply of feeders was moderate with a good selection of feeders across all weight ranges this week. Demand was good. Moisture finally arrived over the last week with totals varying widely. Some areas in the southeast only reported about an inch while some of the most extreme amounts were reported in west central and surpassed ten inches over the last week. Although ten inches was a bit much the moisture has been greatly needed and despite some flooding will go along ways towards helping improve what have been very dry soils in the state. Prior to being put on hold because of the rain spring field work had been running at full steam. As of the last report planting was well ahead of the five-year average for both beans and corn. Haying was taking place in several areas although most was early type hay that was being wrapped and not put up dry. A few notable sales this week included a part load of 472 lb. steers at Kingsville Livestock Auction which sold for 370.00. Ozarks Regional Stockyards sold 49 head of 500 lb. steers for 362.00. Windsor Livestock Auction sold 31 head of 709 lb. steers for 280.00. a full load of 811 lb. steers sold at Callaway Livestock Center for 254.60. Kingsville Livestock Auction sold a load of 731 lb. heifers for 251.25. Boxed beef cutouts values were mixed for the week. Choice closed on Friday at 297.14, up 1.47 and select closed at 288.72, down 2.11 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled about 84K head, sales in the southern plains were mostly steady, sales in the North were higher for the week. Live sales were reported at 182.00-187.00 and Dressed sales at 294.00-295.00. Missouri Stocker formula consists of 5,374 head with a weighted average weight of 537.27 lbs. and a price value of 315.42, 5.71 higher than a week ago. The steer/heifer spread is 37.00.

COLD STORAGE

Total natural cheese stocks in refrigerated warehouses on March 31, 2024 were up slightly from the previous month but down slightly from March 31, 2023.

Butter stocks were up 6 percent from last month and up 2 percent from a year ago.

Total frozen poultry supplies on March 31, 2024 were up slightly from the previous month but down 6 percent from a year ago. Total stocks of chicken were down 3 percent from the previous month and down 11 percent from last year. Total pounds of turkey in freezers were up 7 percent from last month and up 5 percent from March 31, 2023.

Total frozen fruit stocks were down 6 percent from last month but up 6 percent from a year ago.

Total frozen vegetable stocks were down 6 percent from last month and down 2 percent from a year ago.

Total red meat supplies in freezers were down 1 percent from the previous month and down 12 percent from last year. Total pounds of beef in freezers were down 3 percent from the previous month and down 10 percent from last year. Frozen pork supplies were up 1 percent from the previous month but down 13 percent from last year. Stocks of pork bellies were up 18 percent from last month but down 2 percent from last year.

MISSOURI WEEKLY HAY SUMMARY 04/25/24

So far there has been little to no moisture over the last week, and drought conditions worsened slightly with just over 72 percent of the state showing on the latest drought monitor. Many have their fingers crossed and hoping some of the forecasted rains come over the next few days. Planting pace is running about even with last year but well ahead of the five year average for both beans and corn. There has been a significant amount of hay cut, baled, and wrapped this week as well as just a little first cutting of alfalfa which has been baled dry now. The supply of hay is light to moderate, demand moderate and prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-275.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 50.00-75.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 05/06/2024

Monday's Missouri Stocker formula consists of 5,807 (5,802) head with a weighted average weight of 535.98 (527.43) lbs. and a price value of 318.72 (279.99), 3.30 higher (1.57 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 33,232 Week Ago: 32,408 Year Ago: 45,368

Compared to last week, feeders sold unevenly steady to 3.00 higher. The supply of feeders was moderate with a good selection across all weight groups once again this week. Demand was good with a few reporters making note that in some cases if quality was present buyers were starting to overlook a lack of weaning on the calves. Ample moisture has fallen across most of the state now and farmers are indeed thankful but would like to have some sun and be able to get back to work now. A few notable sales this week included a 26 head of part load of 434 lb. steers at Kingsville Livestock Auction which sold for 372.50. Windsor Livestock Auction sold 39 head of 509 lb. steers at 351.00. F & T Livestock Market sold 20 head of 604 lb. steers at 319.50. Joplin Regional Stockyards had 31 head of 719 lb. steers at 273.00 as well as two loads of 824 lbs. steers which sold for 251.50. Kingsville Livestock Auction 13 loads of 700-750 lb. heifers from 250.25-252.50. New Cambria Livestock Market had a load of 700 lb. heifers which sold for 256.00. Boxed beef cutouts values slightly lower for the week. Choice closed on Friday at 394.20, down 2.94 and select closed at 287.65, down 1.07 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled about 71K head, live sales were reported from 184.00-187.00 and dressed sales from 294.00-295.00. Missouri Stocker formula consists of 5,807 head with a weighted average weight of 535.98 lbs. and a price value of 318.72, 3.30 higher than a week ago. The steer/heifer spread is 38.73.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

OILSEED CRUSHINGS, PROD, CONSUMPTION, STOCKS

Soybeans crushed for crude oil was 6.11 million tons (204 million bushels) in March 2024, compared with 5.82 million tons (194 million bushels) in February 2024 and 5.94 million tons (198 million bushels) in March 2023. Crude oil produced was 2.41 billion pounds, up 5 percent from February 2024 and up 3 percent from March 2023. Soybean once refined oil production at 1.79 billion pounds during March 2024 increased 10 percent from February 2024 but decreased 1 percent from March 2023.

GRAIN CRUSHINGS AND CO-PRODUCTS PRODUCTION

Total corn consumed for alcohol and other uses was 522 million bushels in March 2024. Total corn consumption was up 5 percent from February 2024 and up 7 percent from March 2023. March 2024 usage included 92.3 percent for alcohol and 7.7 percent for other purposes. Corn consumed for beverage alcohol totaled 4.30 million bushels, down 5 percent from February 2024 and down 25 percent from March 2023. Corn for fuel alcohol, at 469 million bushels, was up 5 percent from February 2024 and up 7 percent from March 2023. Corn consumed in March 2024 for dry milling fuel production and wet milling fuel production was 92.2 percent and 7.8 percent, respectively

MISSOURI WEEKLY HAY SUMMARY 05/02/24

Moisture brought field work to a halt this week. Rainfall amounts varied widely from an inch to in excess of ten inches since the last report. Many fields had water running through them or standing over them for at least some amount of time. Haying and planting were put on hold and likely some spots at least could require some replanting. Pasture conditions are fair to mostly good and stock water supplies are adequate as most ponds are now full or nearly so. The supply of hay is light to moderate, demand moderate and prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 50.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 05/10/2024

Monday's Missouri Stocker formula consists of **6,535 (5,122)** head with a weighted average weight of **543.51 (523.09)** lbs., and a price value of **316.09 (279.81)**, 1.91 lower (0.18 lower) than last week. This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 29,107 Week Ago: 33,232 Year Ago: 42,201
Compared to last week, feeders under 650 lbs. sold very uneven but mostly 2.00 lower to 2.00 higher, with instances around the state from sharply higher to sharply lower. Feeders over 650 lbs. sold steady to 2.00 lower. The supply of feeders was moderate the amount of heavier weight cattle was not as plentiful this week and for the first time in several months the percentage of steers vs. heifers was closer in line with traditional expectations with about a 60-40 split. For the last several months it has been running a lot closer to 50-50. With only one week of such data reflecting this is it would be extremely presumptuous to assume there has been any shift in the cattle cycle yet. Demand was good. A few notable sales this week included a 44 head of 447 lb. steers at Windsor Livestock Auction which sold for 399.00. South Central Regional Stockyards had several stick out sales this week as they had a loaded list of consignments with quality running deep into the offering. 38 head of 528 lbs. steers sold for 356.00, 36 head of 720 lb. steers brought 270.25 and another 46 head of 804 lbs. steers sold for 254.75. Mo-Kan Livestock Market sold a load of 601 lb. steers for 319.00. Callaway Livestock Center sold a load of 929 lbs. steers for 230.25 as well as 29 head of 512 lb. heifers for 313.50. Kingsville Livestock Market had a load of 744 lb. heifers which sold for 255.00. Choice closed on Friday at 294.57, up 0.37 and select closed at 284.17, down 3.48 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled about 61K head with more sales likely taking place after the reporting deadline, live sales were reported from 184.00-187.00 and dressed sales from 295.00-296.00. Missouri Stocker formula consists of 6,535 head with a weighted average weight of 543.51 lbs. and a price value of 316.81, 1.91 lower than a week ago. The steer/heifer spread is 37.00.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday in the Texas Panhandle negotiated cash trading has
been inactive on very light demand. Not enough purchases for a mar-
ket trend. The last reported market was on Thursday with live FOB
purchases at 184.00. In Kansas, Nebraska and Western Cornbelt nego-
tiated cash trading and demand have been moderate. In Kansas, com-
pared to the last reported market on Thursday, live FOB purchases
traded unevenly steady from 183.00-185.00, with a few up to 187.00.
In Nebraska, compared to last week, live FOB purchases traded
steady to 1.00 lower from 186.00- 187.00, and dressed delivered pur-
chases traded 1.00 higher from 295.00-296.00. In the Western Corn-
belt, compared to the last reported market on Thursday, live FOB
purchases traded mostly 0.50 higher at 187.00, with a few up to
188.00, and dressed delivered purchases traded steady at 295.00, with
a few up to 296.00.

MISSOURI WEEKLY HAY SUMMARY 05/09/24

Field work continues to be on hold as fields are currently too wet to get in. Some severe weather passed over the state again this week causing some damage in areas. The drought monitor has shown significant improvement with the moisture from the last few weeks, with only 30 percent of the state showing in the latest monitor. This has helped to brighten the moods going into hay season and as typical seasonal lack of demand has put some pressure on the hay market, although most hay piles and barns are near empty until producers can get into fields. The supply of hay is light to moderate, demand light and prices are steady to weak. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 50.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 05/20/2024

Monday's Missouri Stocker formula consists of **7990 (7,331)** head with a weighted average weight of **541.40 (525.71)** lbs. and a price value of **319.13 (283.56)**, 2.32 higher (3.75 higher) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all component cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 38,550 Week Ago: 29,107 Year Ago: 43,304

Compared to last week, feeders sold steady to 5.00 higher, with some spots of up to 10.00 higher. A few local barns did see some lower quotes that seems to be mostly related to the quality of the offering compared to the previous week. The supply of feeders was moderate with several load lots of heavier weights back in the offering this week. The percent of steers to heifers was back at 53:47 squashing thoughts at least for the time being that some expansion had perhaps started to occur. A few farmers got back into the field's late week and over the weekend to resume planting or start haying. A few notable sales this week included a 29 head of 419 lb. steers at South Central Regional Stockyards which sold for 398.50 as well as a part load of 601 lb. steers at 322.50. Tina Livestock Market sold 13 head of 503 lbs. steers at 366.00. F & T Livestock Market sold a part load of 706 lb. steers at 291.50. Joplin Regional Stockyards sold a half load of 824 lb. steers for 250.00. Unionville Livestock Market sold a load of Reputation 902 lb. steers for 247.00. Lolli Brothers Livestock Market sold two full loads of light 7 weight heifers for 262.50 and 262.60. Boxed beef cutouts saw large advances this week, choice closed on Friday at 313.45, up 18.88 and select closed at 297.40, up 13.23 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled about 47K head with more sales taking place after the reporting deadline as trade was late to develop and was still occurring at the report cutoff deadline. Live sales were reported mostly from 186.00-190.00 and dressed sales from 298.00-300.00, with some up to 302.00. Missouri Stocker formula consists of 7,990 head with a weighted average weight of 541.40 lbs. and a price value of 319.13, 2.32 higher than a week ago. The steer/heifer spread is 35.57.

The Market News Team sends love and prayers to The Davis Family following the passing of former Market Reporter Mike Davis, over the weekend. Mike began working for Market News as a feeder pig grader in 1975 and worked his way up to Market News Manager for the State of Missouri over his 36 years with the Dept. of Agriculture. Aside from being a great co-worker and boss Mike was just a good ole buddy to so many. He always had time for a wild west tale or two and the right words of wisdom and guidance when needed, he will be greatly missed.

(Tina)

Receipts: 1,869 Week Ago: 1,650 Year Ago: 2,375
Compared to last week, steers sold 5.00 to 10.00 higher and heifers unevenly steady. Slaughter cows 1.00 to 4.00 higher.

FEEDER STEERS:

Medium and Large 1

400-500 lbs. 349.00-387.50
500-600 lbs. 333.00-366.00
600-700 lbs. 289.50-315.00
Pkg 732 lbs. 264.00

FEEDER HEIFERS:

Medium and Large 1

400-500 lbs. 310.00-336.00
500-550 lbs. 292.00-306.00
600-700 lbs. 253.50-264.00
700-800 lbs. 242.25-249.75

SLAUGHTER BULLS:
Yield Grade 1-2 1600-1950 lbs 154.00-178.50

SLAUGHTER COWS: Breaking and Boning, (70-85% lean) 119.00-148.00, high dressing 133.00-141.00. Lean (85-90%) 112.00-120.50

BRED COWS: Scarce

COW/CALF PAIRS: Scarce

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

For Thursday in the Southern Plains and Nebraska negotiated cash trading has been at a standstill. Last week in the Texas Panhandle live FOB purchases traded at 184.00. Last week in Kansas live FOB purchases traded from 183.00-185.00, with a few up to 187.00. Last week in Nebraska live FOB purchases traded from 186.00-187.00 and dressed delivered purchases from 295.00-296.00. In the Western Cornbelt negotiated cash trading was limited on light demand. A very few live FOB purchases traded from 186.00-190.00 and a very few dressed delivered purchases traded from 298.00-300.00. However, not enough purchases for a full market trend. Last week in the Western Cornbelt, live FOB purchases traded from 185.00-187.00, mostly at 187.00, with a few up to 188.00, and dressed delivered purchases at 295.00, with a few up to 296.00.

MISSOURI WEEKLY HAY SUMMARY 05/16/24

Moisture continues to hamper planting and haying. A few guys have managed to sneak in and get some work done but overall, just not enough days without a shower in the forecast for most to get to rolling. Those wrapping higher moisture hay have been able to get some done but very little dry hay has gone up at this point. Moisture continues to improve the drought monitor as of the current publication 82 percent of the state is now drought free. One county in SW is still mostly listed as abnormally dry but other than that the remaining in 18 percent is far south central and all of the southeast corner. The supply of hay is light to moderate; demand light and prices are steady to weak. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale

Alfalfa - Premium 200.00-275.00

Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 150.00-225.00

Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale

Mixed grass - Fair 45.00-75.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 05/27/2024

Monday's Missouri Stocker formula consists of **7,820 (6,804)** head with a weighted average weight of **\$49.90 (\$34.98)** lbs., and a price value of **\$17.27 (\$81.82)**, 1.86 lower (1.74 lower) than last week. This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 36,118 Week Ago: 38,550 Year Ago: 41,321

Compared to last week, feeders sold steadily to 5.00 higher, although some of the extreme tops weren't seen this week especially on the calf offering which consisted of many unweaned calves. Many producers are once again taking the opportunity to market calves early as prices are pushing back to record levels and despite all the thoughts that the market still has room to climb no one is willing to completely forget how fast some unknown something can show up and how fast the market can drop. The monthly cattle on feed report was published on Friday afternoon and compared to the pre-report estimates the report should be viewed as neutral but confirming those numbers could also be viewed as bullish as well. On feed numbers were reported at 99.1 percent, Marketings at 110.1 percent, and placements at 94.2 percent compared to last year. Many farmers got back to planting grains this week, and several are trying to find enough days to hay as well. A few notable sales this week included a load of 541 lb. steers at Callaway Livestock Center at \$361.50. Ozarks Regional Stockyards sold 155 head of 602 lb. steers for \$332.00. A load of 707 lb. steers at South Central Regional Stockyards brought 288.25. Kingsville Livestock Market sold 120 head of 896 lb. steers at 250.00. On the heifer side Ozarks Regional Stockyards sold a load of 508 lb. heifers at 310.00 and Windsor Livestock Market had a load of 745 lb. heifers which brought 254.75. Boxed beef cutouts were mixed this week, choice closed on Friday at 310.45, down 3.00 and select closed at 301.72, up 4.32 compared to last week. MISSOURI WEEKLY HAY SUMMARY 05/23/24

Farmers managed to get back into fields this past week. Planting was priority for most although there was some haying done by those brave enough to not look at the weather and lucky enough to not have a rain pop up over their fields. Despite some delays over the last couple of weeks hay progress is running just slightly ahead of the five-year average in the state. Although there is some hay moving overall movement is slow and demand is light which is fairly typical for this time of year. The supply of hay is light to moderate, and prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 45.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 06/03/2024

Monday's Missouri Stocker formula consists of **1882 (1731)** head with a weighted average weight of **\$49.71 (527.17)** lbs. and a price value of **313.04 (281.85)**, 4.23 lower (0.03 higher) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all component cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 11,405 Week Ago: 36,118 Year Ago: 19,068

Compared to last week, not enough feeders in most weights and grades to provide a test to the market on the shorten holiday week. Near half of the sales in the state remained dark and several others had light volume. There were some full load lots of heavy with yearlings both on the steer and heifer side that sold firm to 5.00 higher. Rains over the weekend once again caused some flooding in a few areas in southern Missouri, North of Mountain Grove in Wright County totals reached 6-7 inches in a 12 hour period putting many pastures and hayfields underwater along with causing many roads to be impassable for a short time. Farmers made good use of the dry days however as most areas didn't receive enough to keep them out of the fields for long if at all. Planters were running as producers tried to finish planting and haying was being done where fields allowed without tracking to much. A few notable sales of yearling cattle this week included a load of 839 lb. steers at Kingsville Livestock Market which sold for 263.00. Unionville Livestock Market had 3 loads of reputation steers weighting just a couple lbs. on either side of 900 which sold from 254.10 to 258.00. Ozarks Regional Stockyards which is a long ways from any corn fields in any direction sold 3 loads of steers just a few lbs. in to the 8's which sold from 256.00-257.00. On the heifer side of the market Kingsville Livestock Market sold 3 loads of 700-720 lb. heifers from 260.00-264.25. Boxed beef cutouts were near steady to slightly higher this week, choice closed on Friday at 313.20, up 2.75 and select closed at 301.712, down 0.01 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled about 55K head. Live sales were reported mostly from 186,00-192,00 and dressed sales 301,00-304,00. The Missouri Stocker formula consists of 1882 head with a weighted average weight of 549.71 lbs. and a price value of 313.04, 4.23 lower than a week ago. The steer/heifer spread is 31.19.

MISSOURI WEEKLY HAY SUMMARY 05/30/24

After some rough weather over the holiday weekend, especially in the southern third of the state, farmers got right back after it and very little hay equipment was setting unused this week. Some fields did have wet spots and there was some tracking observed in some fields around. Progress is running just slightly ahead of the five year average. The supply of hay is light to moderate, demand is light and prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-11.00 per bale
Mixed grass - Fair 45.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 06/17/2024

Monday's Missouri Stocker formula consists of **5393 (5132)** head with a weighted average weight of **549.19 (534.02)** lbs. and a price value of **310.94 (280.70)**, 4.10 higher (2.52 lower) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 29,412 Week Ago: 45,354 Year Ago: 47,649

Compared to last week, feeder under 700 lbs. sold unevenly steady to 5.00 lower, weights over 700 lbs. sold steady to 2.00 higher. The supply was light to moderate. Summer seems to be setting in and most buyers just don't have much desire for unweaned, bawling calves, with extra flesh or hair. Between transportation and acquiring a new address these types can be risky investment currently and takes a little time to get straighten out and back to gaining pounds. Most folks that graze filled those orders a month or more ago, so outlets just aren't as abundant at the current time. Yearlings however, especially those in load lots, which typically get fewer in number and therefore harder to find in the summer are finding excellent demand. The feeder cattle index, a reflection of actual sales of heavier weight cattle at auctions though the central twelve state region, set an all-time record high this week. For the most part corn and bean planting is complete now and farmers turned attention to haying this week. One didn't have to drive very far in any direction to see hay equipment in the fields this week. A few stick-out sales this week included a part load of 732 lb. steers at Lolli Brothers Livestock Market. Three loads of 793 lb. steers at Tina Livestock Market which sold for 267.10. four loads of 835 lb. steers at Joplin Regional Stockyards brought 259.50. A load of 913 lb. steers at Unionville Livestock Market sold for 257.50. On the heifer side of the market Kingsville Livestock Market sold a part load of 716 lb. heifers at 265.75. Boxed beef cutouts were higher for the week, choice closed on Friday at 319.89, up 3.14 and select closed at 303.81, up 2.67 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 88K head most trade occurred on Thursday this week. Live sales were reported 186.00-197.00 and dressed sales reported from 305.00-310.00. The Missouri Stocker formula consists of 5393 head with a weighted average weight of 549.19 lbs. and a price value of 310.94, 4.10 lower than a week ago. The steer/heifer spread is 30.24.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

MISSOURI WEEKLY HAY SUMMARY 06/13/24

A fairly decent week for making hay around the state. Rains last weekend temporary stopped some progress but after that the week has been pretty favorable. Although it isn't officially summer, yet it is certainly going to feel like it as temperatures rise and the feel like is expected to be near or exceed triple digits in the coming days. Nearly all the southern part of the state has now been removed from the drought monitor there is a growing area in the northeast that is now highlighted as being abnormally dry. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-10.00 per bale
Mixed grass - Fair 45.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 06/24/2024

Monday's Missouri Stocker formula consists of 5329 (4519) head with a weighted average weight of 551.40 (537.81) lbs. and a price value of 313.64 (283.38), 2.70 higher (2.68 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 27,168 Week Ago: 29,412 Year Ago: 44,602

Compared to last week, feeders sold steady to 10.00 higher. The supply of feeders was light to moderate with heat affecting some sales and many farmers in the hayfields. Feeders over 600 lbs. made up 59% of this week's supply. Demand was good a few barns are starting to have their holiday special sales offering good strings of cattle with health programs, weaning and lots of quality. Given the tight supplies buyers have been willing to bid aggressively and push markets higher. Calves with hair or extra flesh are not nearly as desirable and finding discounts but those prices are still being pulled up by the better cattle. The monthly Cattle on Feed Report was released on Friday and at least for the short term will be viewed as bearish. On feed and marketing numbers were within pre-report estimates but placements were 6 percent above the average estimate. A few stick-out sales this week included several loads from the value-added special sale at Joplin Regional Stockyards a part load of 608 lb. steers sold at 327.00, a load of 735 lb. steers at 285.50, 220 head of 837 lb. steers at 261.00 and 203 head of 864 lb. steers at 254.00. Kingsville Livestock Market sold 2 loads of 977 lb. steers at 236.10. Load lots of calves were in short supply this week but one load of 524 lb. value added steers sold at 355.0. On the heifer side of the market Kingsville Livestock Market sold a part load of 730 lb. heifers at 265.00. Boxed beef cutouts were mixed for the week, choice closed on Friday at 322.39, up 2.50 and select closed at 303.11, down 0.70 compared to last week. Negotiated feedlot sales as of the Friday afternoon report was very limited with only 9K head being reported before the cutoff time. Early prices were stronger with live sales were reported 193.00-198.50 and dressed sales reported from 306.00-312.00. The Missouri Stocker formula consists of 5329 head with a weighted average weight of 551.40 lbs. and a price value of 313.64, 2.70 higher than a week ago. The steer/heifer spread is 30.26.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in the Southern Plains negotiated cash trading has been mostly inactive on light demand. Last week in the Southern Plains live FOB purchases traded at 186.00. In Nebraska and Western Cornbelt negotiated cash trading has been slow on moderate demand. In Nebraska, a few dressed purchases have traded from 310.00-312.00. However, not enough dressed delivered, or live FOB purchases for a full market trend. Last week live FOB traded early in the week at 190.00, with later in the week purchases ranging from 195.00-198.00, while dressed delivered purchases traded from 305.00-306.00, with a few up to 310.00. In the Western Cornbelt, a few live FOB purchases traded have traded at 197.00. However, not enough live FOB or dressed delivered purchases for a full market trend. Last week live FOB purchases traded from 190.00-197.00 mostly from 193.00- 195.00, dressed delivered purchases traded from 305.00-306.00 with a few up to 310.00.

MISSOURI WEEKLY HAY SUMMARY 06/20/24

Haying is in full swing around the state. Other than the northwest corner of the state which received several inches of rain this week, most the rest of the state had very favorable weather for making hay. Drought concerns are becoming more real for the northeast part of the state as some counties moved into D1 status this week. Hay yields have varied not only by area but in some cases from field to field as it seemed to just depend on the lay of the land and how fields were affected by the late freeze in April. Hay prices are steady. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-10.00 per bale
Mixed grass - Fair 45.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 07/01/2024

Monday's Missouri Stocker formula consists of **2850 (3060)** head with a weighted average weight of **556.27 (544.82)** lbs. and a price value of **310.08 (283.33)**, 3.56 lower (0.05 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 22,283 Week Ago: 27,168 Year Ago: 42,034

Compared to last week, a light test of calves sold very uneven with instances of as much as 20.00 either way. A better test of yearling sold steady to 10.00 higher. The supply of feeders was light to moderate with heat affecting some sales and many farmers still in the hayfields. Several sales remained dark this week or didn't have enough cattle for a report, while a few others had some special sales with moderate to heavy supplies. Joplin Regional Stockyards held a special yearling sale and made an unprecedented move of starting at midnight last Sunday night due to large numbers and trying to beat the extreme heat. The yearling market has been very strong setting new record prices which has been reflected by the national feeder cattle index which saw a top last week of 259.04. Stick-out sales this week like receipts in general were more limited and mostly all yearlings. To be honest at current prices about any decent sized draft could be considered a stick out sale. Unionville Livestock Market sold 5 loads of reputation cattle from 861-888 lbs. at a range of 265.75-271.50. Joplin Regional Stockyards sold 718 head of steers in one pop that weighted 891 lbs. for 261.50. Kingsville Livestock Market sold a load of 717 lb. heifers at 278.50. Boxed beef cut-outs were higher for the week, choice closed on Friday at 326.32, up 3.93 and select closed at 304.50, up 1.39 compared to last week. Negotiated feedlot sales as of the Friday afternoon report was limited with about 30K head reported as of the cutoff time for Friday's Report. Early prices were most steady to stronger live sales were reported 188.00-199.00, few at 200.00 and dressed sales reported from 310.00-315.00, a few up to 317.00. The Missouri Stocker formula consists of 2850 head with a weighted average weight of 556.27 lbs. and a price value of 310.08, 3.56 lower than a week ago. The steer/heifer spread is 26.75

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in the Texas Panhandle negotiated cash trade has been slow on light demand. There have been a few early live FOB purchases at 190.00, however not enough purchases for a market trend. Last week in the Texas Panhandle live FOB purchases traded from 189.00-190.00. In Kansas negotiated cash has been moderate on trade and demand. Compared to last week in live FOB purchases traded unevenly steady at 190.00. In Nebraska and the Western Cornbelt negotiated cash trade has been slow on moderate demand. There have been a few early live FOB purchases at 198.00, however not enough trade for a market test. Last week in Nebraska, live FOB purchases traded from 197.00-198.00, with few up to 198.50, dressed delivered purchases from 310.00-312.00. Last week in the Western Cornbelt live FOB purchases traded from 197.00-198.00, dressed delivered purchases at 310.00, with a few up to 314.00, on a light test.

MISSOURI WEEKLY HAY SUMMARY 06/27/24

Hay harvest passed the three quarters of the way complete this week, running ahead of the five-year average pace. With the new supplies of hay several new listings of hay being offered for sale. Hay movement is somewhat slow however as 82 percent of pastures in the state are rated in good to excellent condition and no one is currently thinking much about feeding hay. The extremely hot temperatures over the last couple of weeks is drying out some areas though near 25 percent of the state is listed on this week's drought monitor as abnormally to moderately dry. Hay prices are steady. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-10.00 per bale
Mixed grass - Fair 45.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 07/08/2024

Monday's Missouri Stocker formula consists of **2239 (2257)** head with a weighted average weight of **\$52.33 (\$52.25)** lbs. and a price value of **315.63 (287.51)**, 5.55 higher (4.18 higher) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 17,650 Week Ago: 22,283 Year Ago: 42,034

Compared to last week, a light supply of feeder steers and heifers sold with higher undertones. Most auctions around the state were closed for the holiday week, a few early week auctions had light receipts and then a couple of barns held holiday week specials with several load lots of yearlings being highlighted. Joplin Regional Stockyards held their annual big bang video sale with over 55K head being sold. Most of the offering was from MO, OK, KS and TX with delivery now through the end of the year. 50% of that offering weighted from 800-949 lbs. Over 10K head of M&L 1 steers sold from 254.00-264.00 with prices showing little to no difference based on the delivery date. Heavy rains passed over central and some of northern Missouri with some areas receiving 6-8 inches of rain total, causing some flash flooding and putting some crop fields temporary under water. As of the last report 82 percent of pastures in the state are rated in the good to excellent categories, a vast difference from this point last year when only 2 percent fell in that rating. A few stick out sales this week included a gooseneck load of 505 lb. steers at Tina Livestock Market which sold for 389.25. Green City Livestock Market sold a load of 710 lb. steers at 301.50 and a load of 909 lb. steers at 264.25. A load of 718 lb. heifers sold for 277.50 and went to feed. Boxed beef cutouts were higher for the week, choice closed on Friday at 330.43, up 4.11 and select closed at 305.06, up 0.56 compared to last week. Negotiated feedlot sales as of the Friday afternoon report was limited with about 19K head reported as of the cutoff time for Friday's Report. Early prices were mostly steady live sales were reported 190.00-200.00 and dressed sales reported from 310.00-315.00. The Missouri Stocker formula consists of 2239 head with a weighted average weight of 552.33 lbs. and a price value of 315.63, 5.55 higher than a week ago. The steer/heifer spread is 28.12.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in the Southern Plains negotiated cash trading has been slow on light demand. Compared to last week live FOB purchases traded steady at 190.00, on a light test. In Nebraska negotiated cash trading has been inactive on very light demand. In the Western Cornbelt negotiated cash trading has been limited on light demand. Not enough purchases in these regions for a full market trend. For the prior week in Nebraska live FOB purchases traded at 198.00, with few up to 200.00, and dressed delivered purchases traded at 312.00, with a few up to 317.00. For the previous week in the Western Cornbelt live FOB purchases traded from 197.00-200.00, with the bulk at 198.00, dressed delivered purchases traded at 312.00, with a few up to 317.00, on a light test.

MISSOURI WEEKLY HAY SUMMARY w/e 06/27/24

Hay harvest passed the three quarters of the way complete this week, running ahead of the five-year average pace. With the new supplies of hay several new listings of hay being offered for sale. Hay movement is somewhat slow however as 82 percent of pastures in the state are rated in good to excellent condition and no one is currently thinking much about feeding hay. The extremely hot temperatures over the last couple of weeks is drying out some areas though near 25 percent of the state is listed on this week's drought monitor as abnormally to moderately dry. Hay prices are steady. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-350.00, small square 10.00-15.00 per bale
Alfalfa - Premium 200.00-275.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-225.00
Mixed grass-Fair/Good 100.00-175.00, small square 5.00-10.00 per bale
Mixed grass - Fair 45.00-75.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 07/15/2024

Monday's Missouri Stocker formula consists of **4768 (5683)** head with a weighted average weight of **\$59.44 (551.20)** lbs. and a price value of **320.30 (286.67)**, 4.67 higher (0.84 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 31,815 Week Ago: 17,650 Year Ago: 55,146

Compared to the light run last week, comparable sales of steers and heifers sold mostly steady to 5.00 higher, with some spots of 10.00 higher on top quality consignments. The supply was moderate, and demand was good, although calves that have extra hair, unwearied, or without shots seeing discounts and basically being supported by more desirable offerings and overall low numbers. Outside of the brick-and-mortar auction barns it was a bit of a rough week for livestock. Futures markets, beef cutouts and feedlot trade all experienced a negative week. Early week futures were downright ugly before regaining some of the lost's late week. Seasonally there is an expected decline that typically comes after the 4th of July holiday but given markets have been steadily climbing nearly every week all year the abrupt turn did catch some attention. A few stick out sales this week included several loads of top quality steers that checked all the boxes for any buyer, and would have been market toppers no matter what state or location they were sold at. This large consignment of reputation home raised cattle with verified health programs, uniformity, and condition led to some very impressive prices Callaway Livestock Center. 100 head of 520 lb. steers sold for 388.75; 90 head if 585 lb. steers sold for 358.00, 83 head of 664 lb. steers brought 318.00 and 71 head of 711 lb. steers sold at 306.85. Windsor Livestock Auction sold a load of 802 lb. steers this week at 267.00 along with a load of 732 lb. steers for 273.10. Joplin Regional Stockyards had another big run that included 23 drafts with over 100 head each, the largest being 454 head of 919 lb. steers which brought 252.75. Boxed beef cutouts were lower for the week, choice closed on Friday at 322.06, down 8.37 and select closed at 302.31, down 2.75 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 76K head with much of the trade taking place early to mid-week as feedlot managers became uneasy with early week happenings. Live sales were reported 188,00-199,00 and dressed sales reported from 308,00-316,00 with most sales at 312.00. The Missouri Stocker formula consists of 4768 head with a weighted average weight of 559.44 lbs. and a price value of 320.30, 4.67 higher than a week ago. The steer/heifer spread is 33.63.

MISSOURI WEEKLY HAY SUMMARY

Ample moisture and lush pastures have put pressure on the hay market. Pastures in the state are rated with 80 percent in good to excellent categories and less than 5 percent of the state is showing on the drought monitor. A huge turnaround from this point last year when 70 percent of the pastures were rated as very poor to poor, and 99 percent of the state was in drought status. There is a lot of hay for sale currently and proactive buyers interested in filling any needs before winter don't currently have to look far to find hay. Hay prices are weak to lower, the supply is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 07/22/2024

Monday's Missouri Stocker formula consists of **1904 (2341)** head with a weighted average weight of **\$51.16 (\$539.49)** lbs. and a price value of **307.63 (277.64)**, 12.67 lower (9.03 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 16,697 Week Ago: 28,451 Year Ago: 25,255

Compared to last week, A light supply of feeders sold very uneven most steers and heifers sold 5.00 to 10.00 lower, but there were some exceptions to that which trended firm to higher. The week started off with extreme heat and auction receipts were very light which is not unusual in mid-July. Later in the week much cooler weather arrived and some areas saw heavy rains and flash flooding which also prevented some movement. Many barns encouraged producers to hold off marketing until this week as the weather is predicted to be more favorable for transporting livestock. The monthly Cattle on Feed Report was released on Friday with all three categories falling right into pre-report expectations and should be viewed as a mostly neutral report. Many are hoping for some bounce this week however as feedlot trade, beef cutouts, futures and auctions all seen lower levels last week. Although the offerings at local barn were limited there were still a few stick out sales of heavier weight cattle this week. Lolli Brothers Livestock Market sold two loads of eight weights (835 lbs. and 838 lbs.) both at 268.25. Kingsville Livestock Market sold a load of 903 lbs. steers at 249.25. Callaway Livestock Center sold 176 head of 651 lb. heifers at 278.25 and Lolli Brothers Livestock Market has 6 loads of heifers from 661-683 lbs. that sold from 275.00-284.50. Lighter weight calves were mostly all sold in very small drafts this week with only a few in the entire state that would take more than 20 foot gooseneck to haul them. If there was a bright side to the calf market it was noted in places some the limited supply had buyers becoming a bit less picky about weaning but were still demanding some rounds of shots before they dug very deep. Boxed beef cutouts were lower for the week, choice closed on Friday at 313.49, down 8.57 and select closed at 298.80, down 3.51 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 58K head. Live sales were reported 187,00-197.00 and dressed sales reported mostly at 310.00. The Missouri Stocker formula consists of 1904 head with a weighted average weight of 551.16 lbs. and a price value of 307.63, 12.67 lower than a week ago. The steer/heifer spread is 29.99.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in the Southern Plains negotiated cash trade
has been mostly inactive on light demand. The most recent market
in the Texas Panhandle was Wednesday with live FOB purchases
from 188.00-188.50. The most recent market in Kansas was
Wednesday with live FOB purchases from 187.00-188.00, on a
light test. In Nebraska and the Western Cornbelt negotiated cash
trade has been slow on light demand. Compared to Thursday in
Nebraska and the Western Cornbelt live FOB purchases traded
steady at 196.00. The most recent dressed delivered purchases in
Nebraska and the Western Cornbelt was Thursday at 310.00.

MISSOURI WEEKLY HAY SUMMARY

Pasture conditions climbed to 90 percent good to excellent, all but a tiny area in SW Missouri is now drought free. There were heavy rains that fell in that area mid-week however, which caused some flash flooding, it would seem likely that area should be removed by the next report. This much green and pasture conditions like this are almost unheard of in Mid-July. Hay listings are plentiful, and movement is pretty slow. Hay prices are weak, the supply is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 07/29/2024

Monday's Missouri Stocker formula consists of **37.58 (3901)** head with a weighted average weight of **\$53.50 (\$47.90)** lbs. and a price value of **314.81 (284.07)**, 7.18 higher (6.43 higher) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 23,952 Week Ago: 16,697 Year Ago: 23,855

Compared to last week, feeder steers and heifers sold steady to 5.00 higher, with some spots of 5.00-10.00 higher. The supply of feeders was moderate with a better test of the market than last week. Although there were no real heavy volume sales, for mid-summer the offering was pretty respectable. Several reporters noted that quality was much improved over the last few weeks with several load lots of feeders that found good demand from buyers. Grass remains extremely green for the end of July in Missouri so no one is really selling due to lack of grass. The ample pasture has also provided the option to restock some pastures for those who have already marketed some calves that were placed in early spring. A few stick out sales this week included a couple of lots at Callaway Livestock Center where 45 head of 622 lb. steers sold at 325.50 and then 2 loads of 734 lb. steers for 298.28. Unionville Livestock Market sold 5 loads of steers that were heavy eight weights and sold from 266.75-270.50. Kingsville Livestock Auction sold two loads of light seven weight heifers at 268.25 and 269.50. Lolli Brothers Livestock Market sold 23 head of 3 year old 2nd calf heifers for 3650.00 per head. Boxed beef cutouts were mixed for the week, choice closed on Friday at 313.77, up 0.28 and select closed at 297.46, down 1.34 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 52K head. Live sales were reported 190,00-198.00 and dressed sales reported mostly at 312.00. The Missouri Stocker formula consists of 3758 head with a weighted average weight of 553.50 lbs. and a price value of 314.81, 7.18 higher than a week ago. The steer/heifer spread is 30.74.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

MISSOURI WEEKLY HAY SUMMARY

Several producers around the state, especially in the south, are currently dealing with an infestation of army worms. Although they appear every year it is speculated that moths blew up with hurricane winds a few weeks ago and has led to a larger than normal infestation this year. There is still a fair amount of haying taking place and producers have been able to rebuild inventories. This as resulted in a very slow market as there is not currently much buyer demand. Hay prices are weak, the supply of hay is moderate, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 08/05/2024

Monday's Missouri Stocker formula consists of **1805 (2133)** head with a weighted average weight of **\$50.24 (\$44.44)** lbs. and a price value of **311.75 (\$79.59)**, 3.06 lower (4.48 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 16,942 Week Ago: 23,952 Year Ago: 20,601

Compared to last week, feeder steers and heifers sold steady to 5.00 lower on a light supply. Extreme heat as August arrived limited livestock movement. Aside from a few early week sales which offered some gooseneck to multi pot load consignments, the offerings were light with many drafts of singles or just a few head coming through the ring at a time. Grass and pastures have been extremely good this year, but some areas are starting to see the effects of the heat and lack of recent moisture. The southern half of counties along the KS line are all listed as abnormally dry on the latest drought monitor. If the current weather pattern doesn't change it won't take long before many others join them. That being said there is a tremendous about of feed currently as many producers have hay grass fields twice now which is practically unheard of Missouri prior to the fall growth. A huge sell off of cattle futures occurred the second half of the week with live cattle ending 4.47 to 7.10 lower and feeder cattle 10.05 to 11.88 lower compared to the previous week. A few stick out sales this week included a part load of 518 lbs. steers at Joplin Regional Stockyards which sold for 347.00. Tina Livestock Market sold a part load of 615 lb. steers for 323.00 and a full load of 814 lb. steers at 265.50. Callaway Livestock Center sold a load of 711 lb. steers for 294.75. Loll Brothers Livestock Market had some loads of thin fleshed heifers that attracted some attention this week with two load just breaking into the 6's which sold for 309.10 and a load of 724 lb. heifers also thin which sold for 278.00. Joplin Regional Stockyards and Callaway Livestock Center both held special replacement cow auctions this week and sold some fancy young bred cows that got into the low to mid 3000 dollar mark. Boxed beef cutouts were steady to slightly lower for the week, choice closed on Friday at 313.77, unchanged and select closed at 297.17, down 0.29 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 66K head. Live sales were reported mostly at 188.00 in the south and 196.00 in the north, dressed sales reported mostly at 310.00. The Missouri Stocker formula consists of 1805 head with a weighted average weight of 550.24 lbs. and a price value of 311.75, 3.06 lower than a week ago. The steer/heifer spread is 32.16.

MISSOURI WEEKLY HAY SUMMARY

Excessive heat settled over the state this week to welcome in August. Counties along the western boarder and south of the Missouri River are highlighted on the latest drought monitor as abnormally dry. For the time being the rest of the state is still drought free although if this weather pattern persist that will quickly change. Ample moisture up to this point has many still out baling hay several on a second cutting of grass which is quite unusual prior to Fall. There is a lot of hay for sale around the state given the tremendous grass growth this year, movement however is very slow. Hay prices are weak, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. List your hay for sale at: [Hay Listing Online Form](#). Explanation of Hay Quality Guidelines: [Hay Quality Designation Guidelines](#). Glossary of Terms: [Livestock, Poultry, & Grain Hay Terms](#)

MISSOURI STEER (HEIFER) STOCKER FORMULA 08/12/2024

Monday's Missouri Stocker formula consists of **1888 (1775)** head with a weighted average weight of **\$55.45 (\$44.38)** lbs. and a price value of **291.68 (265.77), 20.07** lower (13.82 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 11,721 Week Ago: 16,942 Year Ago: 21,045

Compared to last week, a light test of feeder steers and heifers sold 10.00 to 15.00 lower. Early week saw a continuation of the extreme heat from the previous week and a massive financial sell off across nearly all sectors of trading. Although fundamentals still haven't really changed, they were no longer able to defy technical pressure. Feeder futures have lost nearly 20.00 over the last two weeks. The Missouri Stocker Formula has fallen to levels not seen since early February. Feeder prices over the summer months have really been trending mostly steady at or near all time records so even with the sharp losses over the last couple of week prices levels are still historically high. Mid-week saw a big drop in temperatures for the kickoff of the MO State Fair. Unlike most years there wasn't many young livestock exhibitors found playing at the wash racks; enjoying the chance to cool off as much as their livestock. Hoodies and jackets were common attire in the early and late hours of the day. Rains in some areas as this week has started are quite welcome as last week's drought monitor showed quite an increase in areas drying out from the last couple of weeks. Although pasture conditions are still vastly better than the last couple of years several producers have mentioned grass growth has slowed and some pastures have begun to burn. Although receipts were very light this week and price levels were lower there were still a few impressive sales. Green City Livestock Market sold 3 loads of heavy eight weight steers from 256.50-259.25. Mo-Kan Livestock Market sold a load of 630 lb. steers for 290.50 as well as two loads of 576 lb. heifers for 274.35. Windsor Livestock Auction sold a load of 740 lb. heifers at 254.50. Boxed beef cutouts were mixed for the week, choice closed on Friday at 312.71, down 1.06 and select closed at 298.59, up 1.42 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 71K head. Live sales were reported mostly at 186.00 in the south and 190.00 -193.00 in the north, dressed sales reported mostly at 305.00. The Missouri Stocker formula consists of 1888 head with a weighted average weight of 555.54 lbs. and a price value of 291.68, 20.07 lower than a week ago. The steer/heifer spread is 25.91.

MISSOURI WEEKLY HAY SUMMARY

Hay movement continues to be slow as supplies especially of grass hay is heavy. Still several guys out baling hay around the state. Although the state is now seeing much cooler temperatures the last couple weeks of extreme heat has taken a toll with near 37 percent of the state (the entire western third) listed as abnormally dry on the latest drought monitor. Hay prices are weak to lower on grass hay, mostly steady on alfalfa. The supply of hay is moderate to heavy and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 08/19/2024

Monday's Missouri Stocker formula consists of **2542 (3405)** head with a weighted average weight of **549.12 (551.09)** lbs. and a price value of **297.97 (268.31)**, 6.29 higher (2.54 higher) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all common cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 19,591 Week Ago: 11,721 Year Ago: 21,078

Compared to last week, feeder steers and heifers sold mostly 5.00 to 10.00 higher. Markets gained back some of last weeks sharp losses although still off from the records or near records just a few weeks ago. The supply of feeders was moderate as auction movement picked up a bit over the previous week as the extreme heat wave left and made for pleasant August temperatures. Mid-week rains were also welcomed, as some areas were seeing results from heat stress, although a few areas had rains that totaled in the 4-8 inches and caused some localized flooding. Cattle futures ended the week sharply lower wiping out any early week hopes of recovery and marking the third week in a row for losses. Stick out sales this week came from mostly the southern auctions as many north auctions were closed and there were some reporting interruptions with the state fair occurring last week. All the same the southern barns were no slouch and picked up the slack just fine. Ozarks Regional Stockyards sold a half load of 503 lb. steers for 333.00 as well as a full load of 907 lb. steers at 233.00. Joplin Regional Stockyards sold a part load of 664 lb. steers at 295.00. Springfield Livestock Marketing Center sold a part load of 709 lb. steers at 274.50. Lollie Brothers Livestock Market sold two load of 682 lb. heifers at 269.50. Boxed beef cutouts were mixed for the week, choice closed on Friday at 317.45, up 5.21 and select closed at 302.59, up 4.00 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 51K head. Live sales were reported from 185.00 in the south to 191.00 in the north, dressed sales from 296.00-301.00. The Missouri Stocker formula consists of 2542 head with a weighted average weight of 549.12 lbs. and a price value of 297.97, 6.29 higher than a week ago. The steer/heifer spread is 29.66.

MISSOURI WEEKLY HAY SUMMARY

It isn't often that hoodies and jackets come out in August, but this past week has made for some cool mornings and evenings around the state. Rains over the last couple days, which added up to a few inches for several areas around the state, has likely made the latest drought monitor outdated already. Forecast of several rounds of rain had most producers out of the fields this week other than perhaps hauling some hay to fence rows or barns if there was any room left. Hay movement remains slow with a lot of hay being offered for sale across the state. Hay prices are mostly steady. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 08/26/2024

Monday's Missouri Stocker formula consists of **3391 (3811)** head with a weighted average weight of **561.47 (550.92)** lbs. and a price value of **286.88 (267.27)**, 11.09 lower (1.04 lower) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 23,530 Week Ago: 19,591 Year Ago: 9,932

Compared to last week, feeder steers and heifers under 700 lbs. sold 7.00 to 12.00 lower weights over 700 lbs. sold steady to 5.00 lower. Several larger consignments of heavy weight yearlings this week provided poor comparisons on paper where prices would appear slightly higher but overall quality and quantity was much above last week and there were no doubts the market even for high quality reputation cattle has lost some ground. The monthly Cattle on Feed Report was released on Friday and was considered neutral to slightly bearish as actual numbers for on feed and placements were a couple of tenths above the top end of the range of pre-report estimates. Nearly half the state received a half to an inch of rain early in the weekend which is always welcome in late Aug. especially with a very hot week predicted in the upcoming forecast. There is some corn chopping underway now and just a few reports of some corn being shelled already as crops have been ahead of schedule nearly all growing season. A few stick-out sales this week included a part load of 567 lb. steers at Callaway Livestock Center which sold for 333.00, a load of 735 lb. steers at 285.75 and another load of 935 lb. steers at 235.00. Unionville Livestock Market sold six loads of reputation steers weighting in the upper 8's with the top load selling at 255.85. Joplin Regional Stockyards sold 181 head of 581 lb. heifers at 287.00 as well as 152 head of 705 lb. heifers at 255.00. Windsor Livestock Auction sold 213 head of 677 lb. heifers at 261.00. Boxed beef cutouts were slightly lower for the week, choice closed on Friday at 317.34, down 0.11 and select closed at 300.46, down 2.11 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled 52K head. Live sales were reported from 183.00-187.50 with any premium for northern cattle mostly gone this week. Dressed sales from 293.00-295.00. The Missouri Stocker formula consists of 3391 head with a weighted average weight of 561.47 lbs. and a price value of 286.88, 11.09 lower than a week ago. The steer/heifer spread is 19.61 that is the closest seen since fall of 2022 and half of what it was in early spring of this year when it climbed to over 40.00 per cwt.

MISSOURI WEEKLY HAY SUMMARY

As expected last week's rains did provide some improvement to the drought monitor. There is still just over 30 percent of the state listed as abnormally dry and with a couple of smaller areas moderately dry. All in all, though for late August conditions are not too bad. A few cooler evenings with some heavy dews have helped to keep most areas green. Still some haying going on and corn chopping is taking place in parts of the state. Hay movement remains slow with a lot of hay being offered for sale across the state. Hay prices are mostly steady. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 09/02/2024

Monday's Missouri Stocker formula consists of **1981 (1998)** head with a weighted average weight of **\$50.16 (\$42.44)** lbs. and a price value of **282.25 (259.20)**, 4.63 lower (8.07 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 15,841 Week Ago: 23,530 Year Ago: 24,753

Compared to last week, feeder steers and heifers under 700 lbs. sold 4.00 to 10.00 lower weights over 700 lbs. sold steady to 5.00 lower. Overall, the supply was light. There were several load lots of yearlings scattered around barns, however the calf offering was generally smaller lots with several unweaned and often unworked bawling calves starting to show up. Extreme late summer heat along with lower markets kept many producers from choosing to market cattle this week. A few stick-out sales this week included 45 head of 558 lb. steers at Callaway Livestock Center which sold for 291.00, as well as a load of 915 lb. steers at 236.00. Ozarks Regional Stockyards sold 136 head of 789 lb. steers for 252.50. Windsor Livestock Auction sold a load of 890 lb. steers at 242.10. Loll Brothers Livestock Market sold a part load of 576 lb. heifers for 265.50. Joplin Regional Stockyards sold a load of 702 lb. heifers for 253.00. Boxed beef cutouts were sharply lower as the grilling season officially ends this weekend, choice closed on Friday at 309.34, down 8.00 and select closed at 295.82, down 4.66 compared to last week. Lower beef prices, which is seasonally expected following the final summer holiday, resulted in a much lower market for slaughter cows and bulls this week also. Negotiated feedlot sales as of the Friday afternoon report totaled 62K head. Live sales were reported from 183,00-185,00 with trade in the southern plains very limited as of Friday afternoon. Dressed sales from 288,00-292.00. The Missouri Stocker formula consists of 1981 head with a weighted average weight of 550.16 lbs. and a price value of 282.25, 4.63 lower than a week ago. The steer/heifer spread is 23.05 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday in the Southern Plains negotiated cash trading has been inactive on very light demand. Not enough purchases for a market trend. Thursday was the last reported market in the Southern Plains. In the Texas Panhandle live FOB purchases traded at 183.00. In Kansas live FOB purchases traded from 182.00-183.00. In Nebraska and Western Cornbelt negotiated cash trading has been limited on light demand. Not enough purchases for a market trend in these regions. In Nebraska Thursday was the last reported market with live FOB purchases mostly at 184.00 and dressed delivered purchases from 288.00-292.00. In the Western Cornbelt Thursday was the last reported live FOB market from 183.00-185.00. Last week dressed delivered purchases traded from 293.00-295.00.

MISSOURI WEEKLY HAY SUMMARY

Heat has taken control the last couple of weeks and for many overshadowed any rains received. The latest drought monitor now has nearly 52 percent of the state in either abnormally or moderately dry status. Both the eastern and western border are currently in drought while the center swath other than far north central is still considered drought free. Some of the early corn that got planted before the three weeks delay this spring is now seeing a combine as harvest has begun. There is a bit of hay moving around the state but for the most part hay movement is very slow. Hay prices are steady to weak. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 09/09/2024

Monday's Missouri Stocker formula consists of **1485 (1599)** head with a weighted average weight of **549.43 (541.80)** lbs. and a price value of **287.53 (265.34)**, 5.28 higher (6.14 higher) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 14,065 Week Ago: 15,841 Year Ago: 15,395

Compared to last week, a light test of steers and heifers mostly steady to 5.00 higher, however there were some spots 3.00 to 5.00 lower. The shortened holiday week had many of the early week sales closed. Demand was moderate to good and supply light. Temperatures are starting to swing, with cooler temperatures in the morning and overnight. Buyers are going to be calculating health risks involved with unweaned or unvaccinated calves. In addition to the shortened week, minds are starting to focus on harvest season. Combines are starting to roll out, and rows are being tested and quite a few fields have been put in the bins. In feedlot trade, there were 58,501 negotiated cash sales last week. There were live sales from 180.00 to 185.00 and dressed delivered sales 288.00 to 289.00. Boxed beef closed on Friday at 309.41 for Choice and 296.12 for Select, 0.07 higher and 0.30 lower, respectively. For the week ending August 31, packer margins came in at 10.43 and feedlot margins at 38.46. Monday's Missouri Stocker formula consisted of 1485 head with a weighted average weight of 549.43 lbs. and a price value of 287.53, 5.28 higher than a week ago. The steer/heifer spread was 22.19.

MISSOURI WEEKLY HAY SUMMARY

A cooler week swept across the state, a welcomed break from the heat wave we've had the last couple of weeks. Hay movement remains to be sluggish as supplies are moderate to heavy. Producers continue to add to supplies with late season cuttings. Hay stocks are in a much better position than where we were a year ago. Current supply of hay and other roughages were categorized: 18 percent surplus, 77 percent adequate, and 5 percent short, as of Monday's Crop Progress Report. Last year at this time they were categorized: 34 percent adequate, 37 percent short, and 39 percent very short. Some combines are rolling as corn moistures in some areas are getting to the low 20s and some in the upper teens. This week's drought monitor showed a slight increase to the drought footprint for Missouri with 55.69 percent included. Hay prices are steady to weak, demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 09/16/2024

Monday's Missouri Stocker formula consists of **5167 (5405)** head with a weighted average weight of **\$55.70 (\$52.14)** lbs. and a price value of **275.96 (252.35)**, 11.57 lower (12.99 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 37,869 Week Ago: 14,065 Year Ago: 35,079

Compared to last week, steers and heifers sold 5.00 to 15.00 lower and yearlings sold steady to 5.00 lower. The supply was moderate, a much larger offering than the shortened holiday week last week. A few auctions starting to see the beginnings of what will be the fall calf run, with several unweaned and unvaccinated calves in the offering. A somewhat surprising number of big yearlings continue to show up in load lots around the state. Demand was moderate just at lower price levels. Lack of significant moisture over the last few weeks is really starting to take its toll on pastures. As of the latest drought monitor near 79 percent of the state is listed as abnormally to severely dry. There have been some reports of a few folks having to feed some hay as pastures have just dried up. Although corn harvest is underway and those folks would prefer not to deal with mud, the cattle man would sure like some rain to give pastures a kick start into fall growth. A few stick-out sales this week included 37 head of 524 lb. steers at F & T Livestock Market that sold for 312.50, as well as 32 head of 770 lb. heifers which sold for 233.75. Callaway Livestock Center sold 31 head of 665 lb. steers at 282.75. South Central Regional Stockyards had a load of 757 lb. steers which brought 252.00. Tina Livestock Market sold a load of 858 lb. steers for 243.75 as well as, a load of 513 lb. heifers unweaned for 280.00. The largest draft of the week was 468 head of 944 lb. steers at Joplin Regional Stockyards which sold for 227.10. There was a total of 22 drafts of 100 plus head each, with 5 of those being from 246-468 head that sold at auctions this week. Boxed beef cutouts were lower for the week, choice closed on Friday at 304.91, down 4.50 and select closed at 294.17, down 1.95 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled only about 37K head. Live sales were reported from 181,00-184,00 and dressed sales from 285,00-294,00. The Missouri Stocker formula consists of 5167 head with a weighted average weight of 550.70 lbs. and a price value of 275.96, 11.57 lower than a week ago. The steer/heifer spread is 23.61 per cwt.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

MISSOURI WEEKLY HAY SUMMARY

Lack of any significant moisture over the last few weeks has taken it toll on around the state. The latest drought monitor took a big jump in the last week and is now showing near 79 percent of the state as abnormally to severely dry. There have been reports of some hay feeding taking place in some of the driest areas as pastures are no longer adequate. Many are hoping as Fall rains will come and get grasses back to growing soon, even though there has been a lot of hay baled this season it is way too early to be feeding at this point. Hay prices are steady to weak. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 09/23/2024

Monday's Missouri Stocker formula consists of **3389 (3481)** head with a weighted average weight of **549.52 (541.23)** lbs. and a price value of **273.33 (251.20)**, 2.63 lower (1.15 lower) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 26,204 Week Ago: 37,869 Year Ago: 28,879

Compared to last week, yearling steers and heifers sold steady to 5.00 higher, calves were very uneven but generally from 5.00 lower to 5.00 higher. With the official arrival of Fall temperature swings are once again making calves with no vaccination or weaning programs a high-risk venture and these calves are seeing increasing discounts each day, while those that have received more attention and work generally sold higher this past week. The supply was moderate several load lots of yearlings at various sales around the state. Lighter calves were mostly in small drafts and odds and ends with very few drafts of any size making buyers work to put loads together. Demand for yearlings was good. Lighter weight calves found demand that was directly proportional to the anticipated health risk associated with each offering. Some much needed moisture fell for nearly all the state over the weekend with more in the forecast this week providing some hope for improved pastures before frost arrives. The monthly cattle on feed report was released on Friday and was about as natural as a report can be. Actual numbers fell right in line with pre-report expectations. A few stick-out sales this week included a load of 602 lb. steers at Callaway Livestock Center that sold for 293.25, another load of 703 lb. steers sold at 271.50. New Cambria Livestock Auction sold a load of 816 lb. steers at 251.75. Kingsville Livestock Auction sold four loads of steers from 860-890 lbs. which sold from 240.00-241.85. Joplin Regional Stockyards sold 162 head of 913 lb. steers for 235.00. Lolli Brothers Livestock Market sold at load of 637 lb. heifers for 270.00 as well as a load of 839 lb. heifers for 222.10. Boxed beef cutouts were lower for the week, choice closed on Friday at 304.91, down 4.50 and select closed at 294.17, down 1.95 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled about 46K head. Live sales were reported from 182.00-185.50 and dressed sales from 289.00-292.50.00. The Missouri Stocker formula consists of 3389 head with a weighted average weight of 549.52 lbs. and a price value of 273.33, 2.63 lower than a week ago. The steer/heifer spread is 22.13 per cwt.

MISSOURI WEEKLY HAY SUMMARY

Dry conditions continue to worsen for most of the state, as of the latest report near 83 percent of the state is listed as abnormally to severely dry. There was some slow soaking rain in parts of south central and southeast Missouri over the last week that should help slightly. The dry weather is great for grain harvest that is in full swing but for the livestock producers they would sure like to see some fall pasture growth before frost arrives. Although there is some feeding going on hay movement remains fairly slow as every was lucky enough to bale a lot of hay earlier this year and needs are light at this time. There is A lot of hay for sale currently so the few that are in the market shouldn't have a very difficult time finding hay at this time. Hay prices are steady. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 09/30/2024

Monday's Missouri Stocker formula consists of **3652 (3238)** head with a weighted average weight of **\$56.84 (540.63)** lbs. and a price value of **283.94 (260.22)**, 10.61 higher (9.02 higher) than last week.

This is a rolling seven day calculated value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 24,321 Week Ago: 26,204 Year Ago: 27,542

Compared to last week, yearling steers and heifers sold steadily to 5.00 higher, calves sold 5.00 to 10.00 higher. In a quite unexpected occurrence of events for the time of year the calf market found significant strength this week. Despite the cooler nights and difficulty of keeping new stock healthy buyers seemed to have ample orders to fill and eagerly bought up what the market had to offer. In some cases, reporters even mentioned that discounts for those unworned bawling calves was much less and, in some cases, nonexistent. As the day/night mercury swings get even more wild it would be shocking if this trend continues, however it maybe a case of potential buyers fearing a lighter fall run and difficulty of finding enough stock. As the old saying goes "it's hard to be a cowboy without cows" and luckily there is still some cowboys left. Recent moisture surely has some effect on the outlook as well providing hope for fall pastures and wheat grazing. Grain harvest is in full swing and given early harvest reports there will no doubt be a lot of corn that is walked to town and sent through the sale barns rather than the elevators. A few stick-out sales this week included 23 head of 547 lb. steers at Kingsville Livestock Auction that sold for 315.00. Callaway Livestock Center that sold 80 head of 640 lb. steers for 294.50 and a load of 712 lb. steers for 269.75. Windsor Livestock Auction had a load of 756 lb. steers which brought 259.75. Unionville Livestock Market sold five loads of steers from 875-900 lbs. from 249.85-252.75. On the heifer side of the market MO-KAN Livestock Market sold a small pkg of 535 lb. heifers at 275.50. A load of 736 lb. heifers sold at Joplin Regional Stockyards for 251.00. F and T Livestock Market had a load of 833 lb. heifers which brought 234.50. Boxed beef cutouts were lower for the week, choice closed on Friday at 296.69, down 3.50 and select closed at 282.08, down 6.51 compared to last week. Short bought packers needing inventory went to buying cattle on Thursday this week. Negotiated feedlot sales as of the Friday afternoon report totaled about 75K head. Live sales were reported from 185.00-187.00, 1.00-2.00 higher and dressed sales from 292.00-294.00, 2.00-4.00 higher. The Missouri Stocker formula consists of 3652 head with a weighted average weight of 556.84 lbs. and a price value of 283.94, 10.61 higher than a week ago. The steer/heifer spread is 23.72 per cwt.

MISSOURI WEEKLY HAY SUMMARY

The official arrival of Fall was joined with much needed moisture over the last week. Although it will take the drought monitor some time to catch up, improvement was shown over the last week. Cooler temperatures along with the moisture has provided renewed hope for fall pastures as long as there isn't any early frost. There continues to be more hay advertised and offered for sale each day, but sellers are finding only minimal interest as most everyone in the state has ample supplies currently. Hay prices are steady to weak. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 10/07/2024

Monday's Missouri Stocker formula consists of **2793 (3033)** head with a weighted average weight of **\$43.86 (\$37.50)** lbs. and a price value of **279.66 (258.22)**, 4.28 lower (1.70 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 22,634 Week Ago: 24,321 Year Ago: 24,849

Compared to last week, feeder steers and heifers sold unevenly steady. A slightly lighter offering this week with many smaller groups of calves coming to town, load lots of yearlings were fewer and overall quality was not what has been seen in previous weeks. There was some strength in calves that were offered with good health programs and weaning and demand for those that could be turned out to what shortly was good to very good. Several reporters noted that it seemed buyers had the orders and were willing to pay more but there just wasn't enough low risk cattle in the offerings this week. Buyers are running out of time to straighten any bawlers out though so higher health risk cattle are seeing the typical fall discounts resulting in some pretty wide price spreads. A few stick-out sales this week included 11 head of 515 lb. steers at Ozarks Regional Stockyards which sold for 312.00. Windsor Livestock Auction sold 19 head of 705 lb. steers for 266.00. Green City Livestock Auction sold a load of 914 lb. steers at 244.35. There were probably more impressive highlights on the heifer side of the market this week as some bigger consignments came to town with several being thin fleshed. Kingsville Livestock Auction had one consignment of 800 head that sold mostly in two drafts, 134 head of 617 lb. heifers that sold for 279.00 and another 527 head of 698 lbs. heifers which brought 263.10. Lolli Brothers Livestock Market sold 20 head of 505 lb. heifers that were tagged as fancy for 301.00. Springfield Livestock Marketing Center sold 20 head of 828 lb. heifers for 229.00. 32 head of 958 lb. heifers at Green City Livestock Auction brought 220.25. Boxed beef cutouts showed some unseasonal strength this week, choice closed on Friday at 302.58, up 5.89 and select closed at 287.61, up 5.53 compared to last week. Negotiated feedlot sales as of the Friday afternoon report totaled only 22K head at the 2:00 cut off time for the report, its likely trade continued with more head were sold into the evening, however. Live sales were reported from 186,00-188,00, 1.00 higher and dressed sales from 294.00-296.00, 2.00 higher. The Missouri Stocker formula consists of 2793 head with a weighted average weight of 543.86 lbs. and a price value of 279.66, 4.28 lower than a week ago. The steer/heifer spread is 21.14 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in the Southern Plains negotiated cash has been moderate on trade and demand. Compared to last week in the Southern Plains live FOB purchases traded 1.00 higher at 186.00. In the Western Cornbelt and Nebraska negotiated cash trade has been slow on light demand. Not enough purchases in either region for an adequate market test. Last week in Nebraska live purchases traded mostly at 187.00 with dressed purchases at 294.00. For the previous week in the Western Cornbelt, live purchases traded from 186.00-187.00 with dressed purchases trading from 292.00-294.00 on a light test.

MISSOURI WEEKLY HAY SUMMARY

Grain harvest is in full swing across the state, corn harvest likely passed the halfway mark this week and as of Monday bean harvest was 13 percent complete. Just slightly over sixty percent of the state is still listed from abnormally to severely dry, with the SW corner of the state currently in the worst conditions. Cooler temperatures are helping but as the average first frost date nears along with the lack of moisture hope for additional fall pasture growth is fading for some areas. Statewide 86 percent of pastures are still rated as fair or better. The tremendous growing season early in the year however provided great hay yields and supplies remain heavy with a lot of hay being offered to the market. Hay prices are steady to weak. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 10/14/2024

Monday's Missouri Stocker formula consists of **3600 (3916)** head with a weighted average weight of **\$44.90 (\$42.58)** lbs. and a price value of **289.93 (262.46)**, 10.27 higher (3.94 higher) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 25,308 Week Ago: 22,634 Year Ago: 21,295

Compared to last week, steers steady to 5.00 higher, spots up to 10.00 higher. Heifers steady to 5.00 higher. Buyers continue to want good long weaned cattle with shots and giving unworned, unvaccinated calves discounts. A typical October price spread continues to be seen, with cold weather not too far away. Hay supply is not a major concern for many around the state, but in the backs of minds as fall is here. Demand was good on a moderate supply. There were 79,790 head of negotiated cash trade. Live FOB purchases were mostly 186.00 to 188.00. Dressed delivered 296.00 to 297.00. Boxed beef cuts closed on Friday at 311.22 and 288.72 for Choice and Select, respectively. This was an 8.64 gain for Choice and a 1.11 gain for Select. The Missouri Stocker Formula consists of 3600 head with a weighted average weight of 544.90 lbs. and a price value of 289.93, 10.27 higher than a week ago. The steer/heifer spread is 27.47.

MISSOURI WEEKLY HAY SUMMARY

Cooler temperatures in the past several mornings show a hint of fall before warming to the eighties in the afternoons. Some cooler weather is expected for next week, however. Monday's Missouri crop progress report showed 62 percent of corn and 23 percent of soybeans have been harvested, but a lot of progress has been made this week. Clear skies and warm afternoons mean combines haven't slowed down much. Some late season hay is still being baled and there are a few reports of corn stalks being baled behind combines, even though we are in a much better hay stocks situation than where we were a year ago. Monday's report showed the supply of hay and roughages as: 15 percent surplus, 81 percent adequate, and 4 percent short. Compared to a year ago with hay supply at 29 percent adequate, 31 percent short, and 40 percent very short. Hay prices are steady to weak. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Corn Stalks - 35.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 10/21/2024

Monday's Missouri Stocker formula consists of **4035 (3565)** head with a weighted average weight of **554.69 (538.06)** lbs. and a price value of **284.35 (260.42)**, 5.58 lower (2.04 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 25,351 Week Ago: 25,308 Year Ago: 27,750

Compared to last week, steers and heifers mostly steady to 5.00 lower, but there were some instances of up to 5.00 higher for the long weaned, vaccinated feeders. Demand was good on a moderate supply. Some temperature swings and even a couple of mornings of frost came to Missouri during the past week. However, a warm front is headed through, and higher than normal temperatures will be seen across the state. Some late season hay is still being baled, but most producers are comfortable with their hay supply. A good shower would be well received, as the drought and dryness footprint has spread across the state. Combines have been bellowing out clouds of dust, making it hard to see in some instances while trying to fill bins. The latest drought monitor showed 77.05 percent of the state impacted by dryness or drought, with the worst of it being located in the west central and southwest areas. Feedlot trade totaled just over 67,000 head for last week. Live FOB purchases were mostly 187.00 to 188.00 and dressed delivered purchases at 296.00. Boxed beef cuts gained quite a bit of ground this week. Choice cuts closed on Friday 9.43 higher and Select cuts closed 5.48 higher, compared to last Friday. The Choice/Select spread on Friday was 26.45. The choice/select spread reached 26.76 on Wednesday, which is the widest gap since the end of 2023. The futures market lost some ground this week with live cattle closing 0.07 to 0.98 lower and feeder cattle contracts 1.13 to 2.20 lower for the week. The Missouri Stocker Formula consists of 4035 head with a weighted average weight of 554.69 lbs and a price value of 284.35, 5.58 lower than a week ago.

MISSOURI WEEKLY HAY SUMMARY

Missouri crop farmers have had plenty of dry days lately to make more progress for harvest season. As of Monday's report, USDA estimated 73 percent of corn has been harvested, 11 points ahead of last year and 15 ahead of the five-year average. Soybean harvest is 41 percent completed, steady with last year and 13 points ahead of the five-year average. After clearing fields, producers have been getting wheat into the ground, with 22 percent of winter wheat planted and 4 percent emerged, as of Monday's report. Along with the dry days, the drought footprint has increased for this week. We are not in as bad of a shape as we were a year ago, but not too far behind. The latest drought monitor categorized the state: D0 Abnormally Dry 37.68 percent, D1 Moderate Drought 21.30 percent, D2 Severe Drought 13.57 percent, D3 Extreme Drought 4.50 percent and 22.95 percent not included on the current drought map. Compared to just three months ago, there was only 1.2 percent of the state categorized as D0 Abnormally Dry and the rest of the state was not included on the drought monitor. Hay prices are steady to weak. The supply of hay is moderate to heavy and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Corn Stalks - 35.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 10/28/2024

Monday's Missouri Stocker formula consists of **4780 (4207)** head with a weighted average weight of **554.66 (545.87)** lbs. and a price value of **282.50 (258.26)**, 1.85 lower (2.16 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 29,685 Week Ago: 25,351 Year Ago: 24,471

Compared to last week, feeder steers and heifers sold uneven. Weaned and vaccinated calves and yearlings sold steady to 4.00 higher, while unweaned and especially unvaccinated calves sold steady to 3.00 lower.

As typical for the market in October as the seasonal temperature swings become extreme, health and weaning programs really show their value. Bawling calves without any shots are not that desirable currently as new owners, even with the best vet and husbandry skills, struggle to keep these types healthy. On the other hand, those producers who have weaned and given a couple rounds of vaccinations and prepared livestock for the stress that comes with a new location during the seasonal changes get rewarded. Dryness continues to worsen across the entire state as well as many of the surrounding cattle states. Water

issues in some of the driest areas of the state have been reported and there are concerns about the lack of wheat for grazing in neighboring states which is a big sector of the fall market. Ample supplies of hay baled in the first half of the year, for the time being at least, means there is plenty of feed although most everyone would prefer grazing stock-piled pasture opposed to feeding this early. The monthly Cattle on Feed Report was released on Friday afternoon. Overall, the report will likely be viewed as neutral to leaning slightly negative. Numbers were mostly within the pre report estimates but placements and on feed numbers were both above the average and toward the top end of the estimates. A few stick-out sales this week included 45 head of 427 lb. steers at Joplin Regional Stockyards which sold for 347.50 and 176 head of 790 lb. steers which brought 257.55. Unionville Livestock Market sold 21 head of 523 lb. steers at 322.50 as well as 6 loads of reputation steers weighing from 865-882 lbs. from 252.25-254.50. South Central Regional Stockyards sold 30 head of 718 lbs. steers for 262.00 and 22 head of 409 lb. heifers at 320.00. Callaway Livestock Center sold 85 head of 609 lb. heifers at 276.10. Lolli Brothers Livestock Market sold a load of 722 lb. fancy heifers at 265.00. At Tina Livestock Market a load of 825 lb. heifers sold for 238.25. Boxed beef cutouts climbed slightly higher for the week, choice closed on Friday at 322.24, up 1.59 and select closed at 295.08, up 0.88 compared to last week. Negotiated feedlot sales as of the Friday afternoon report total 94K head with much of the trade taking place on Thursday this week. For the seventh consecutive week packers have given up more money as markets continue to climb. Live sales were reported from 188,00-192,00, with most sales around the 190,00 mark and dressed sales from mostly at 296,00 however a few were up to 302.00. The Missouri Stocker formula consists of 4780 head with a weighted average weight of 554.66 lbs. and a price value of 282.50, 1.85 lower than a week ago. The steer/heifer spread is 24.24 per cwt.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in the Southern Plains negotiated cash trading
has been inactive on very light demand. In Nebraska and Western
Cornbelt negotiated cash trading has been light on light demand.
Not enough purchases in any region for a market trend. The latest
established market in all regions was on Thursday. In the Texas
Panhandle live FOB purchases traded from 190.00-191.00. In
Kansas live FOB purchases traded mostly at 190.00, with a few at
191.00. In Nebraska live FOB purchases traded mostly at 190.00,
with a few at 191.00, and dressed delivered purchases traded most-
ly at 298.00, with a few up to 302.00. In the Western Cornbelt live
FOB purchases traded at 190.00 and dressed delivered purchases
traded from 298.00-300.00, on a light test.

MISSOURI WEEKLY HAY SUMMARY

Dryness continues to worsen across the state. Just over 94 percent of the state is now highlighted on the drought monitor with near 6 percent (all the southwest corner) listed as D3 or extreme drought. Reports of some livestock owners now having to haul water as ponds have dried up in some locations. Much of the state has week nearly a month now without any measurable rainfall and fall pasture growth just never happened. A surplus of hay baled in the first half of the year means there is currently plenty of feed available, but it is still to be seen if that supply will last all season with the early start to feeding. Several producers are already looking at other feed sources be it corn or some by products in order to stretch the hay to a more traditional feeding date. Thus far there hasn't seemed to be an uptick in eagerness to buy hay but that could change quickly in the coming weeks as feeding occurs if farmers decide that what looked to be a surplus might not be enough any longer. Hay prices are steady to weak. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Corn Stalks - 35.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 11/04/2024

Monday's Missouri Stocker formula consists of **4952 (4480)** head with a weighted average weight of **\$57.23 (540.09)** lbs. and a price value of **280.03 (256.91)**, 2.47 lower (1.35 lower) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 29,336 Week Ago: 29,685 Year Ago: 23,973

Compared to last week, feeder steers under 750 lbs. and heifers under 650 lbs. were uneven but mostly steady to 5.00 lower. Heavier weight steers and heifers sold steady to 2.00 higher. The calf market as most sectors of the cattle industry found pressure this week and tended lower, however condition and heath programs continue to mean everything and those with weaning and shots still finding some premiums. The big news this week was much needed rains that fell mid to late week and are expected to continue into the upcoming week. Although there has been some frost the wheat crop and even some grasses like the fescue should still see some benefits as temperatures are still plenty warm enough for some growth. Perhaps even more importantly though is that stock water supplies will see some replenishment. A few stick-out sales this week included a lot of 10 head of 450 lb. steers at Mo-Kan Livestock Market which sold for 347.50. Lollie Brothers Livestock Market sold 37 head of 580 lb. steers at 305.00. Windsor Livestock Auction sold a load of 748 lb. steers for 275.75. A load of steers at Callaway Livestock Center sold early in the week for 253.00. Tina Livestock Auction sold a load of 911 lb. steers for 251.25. A few stick out loads of heifers this week included a load of 595 lb. heifers at Windsor Livestock Auction which sold for 284.75. Tina Livestock Auction had a load of 625 lb. heifers that sold for 280.00 as well as a load of 744 lb. heifer which sold for 256.00. Boxed beef cutouts were lower for the week, Choice closed on Friday at 316.34, down 5.90 and Select closed at 285.03, down 10.06 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report total 86K head with much of the trade taking place on Wednesday and Thursday this week. After seventh consecutive weeks of higher prices markets were steady to lower this week. Live sales were reported mostly from 189.00-190.00, dressed sales from mostly from 296.00-298.00. The Missouri Stocker formula consists of 4592 head with a weighted average weight of 557.23 lbs. and a price value of 280.03, 2.47 lower than a week ago. The steer/heifer spread is 23.12 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday negotiated cash trade in the Southern Plains, Nebraska
and the Western Cornbelt has been inactive on very light demand. Not
enough purchases in any region for a market trend. Wednesday was the
last fully established live FOB purchase market in these regions at 190.00.
In Nebraska and the Western Cornbelt the last reported dressed delivered
purchase market was on Wednesday, with Nebraska from 296.00-298.00
and the Western Cornbelt at 298.00.

MISSOURI WEEKLY HAY SUMMARY

As expected, drought conditions have worsened over the last week, however rains finally have begun to fall with most areas of the state receiving a half to an inch and half of rain in the past day with much more in the forecast for the next several days. As of this week's drought monitor near 18 percent of the state was rated in the D3 or Extreme drought status. Moisture will help a wheat crop but it's unlikely to do much else for forage this fall. It will undoubtedly help the water situation and that is become a major concern for many. Hay prices are steady. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 40.00-65.00 per large round bale
Corn Stalks - 35.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 11/11/2024

Monday's Missouri Stocker formula consists of **3476 (3029)** head with a weighted average weight of **548.52 (535.25)** lbs. and a price value of **286.05 (258.37)**, 6.02 higher (1.46 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 22,960 Week Ago: 29,336 Year Ago: 41,340

Compared to last week, feeder steers and heifers sold mostly from steady to 5.00 higher. The supply this week was light to moderate and the trend was influenced somewhat from northern sales a bit more than typical. Sales in the south were limited this week due to the heavy rains and historic flooding that occurred late last week which caused a lot of transportation complications. Offerings at many barns was not what was expected as producers just weren't able to get livestock to town delaying the marketing prior to Thanksgiving which is typically a few weeks of bigger volume sales. As a result, several barns are expecting some longer hours this week with some high-quality cattle in the offerings. Temperatures continue to be above average, and swings are still making it difficult to keep calves without good health programs healthy and discounts for those still remain. A few special replacement cow sales this week saw several young bred cows and heifers passing the 3K mark this week. A few stick-out sales this week included a 23 head of 503 lb. steers at South Central Regional Stockyards that sold for 339.00. A package of 18 head of 602 lb. steers at Green City Livestock Market sold for 298.00, as well as a full load of 739 lb. steers for 273.00. Lolli Brothers Livestock Market sold a load of 821 lb. steers for 264.85. Unionville Livestock Market Sold two loads of those reputation heavy 8 weight steers for 254.00 and 256.75. A few heifer sales that stuck out this week included 17 head of 503 lb. heifers at South Central Regional Stockyards which brought 291.00. A load of 690 lb. heifers at New Cambria Livestock Auction sold for 265.00. Lolli Brothers Livestock Market has three loads of light 7 weight heifers that sold from 258.50-260.25 as well as a half load that brought 262.00. Boxed beef cutouts were lower for the week, Choice closed on Friday at 307.93, down 8.41 and Select closed at 279.19, down 5.84 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled 37K head with trade waiting till very late in the week to develop and it being likely more sales took place after the report cutoff time. Sales were generally 2.00 to 4.00 lower this week. Live sales were reported mostly from 185.00-188.00, a few dressed sales at 294.00. The Missouri Stocker formula consists of 3476 head with a weighted average weight of 548.52 lbs. and a price value of 286.05, 6.02 higher than a week ago. The steer/heifer spread is 27.68 per cwt.

MISSOURI CROP PROGRESS AND CONDITION

There were 4.8 days suitable for fieldwork in the week ending November 3, 2024. Statewide, the average temperature was 60.1 degrees, 7.5 degrees above normal. Precipitation averaged 1.79 inches, 0.69 inches above normal. Topsoil moisture supply was rated 8 percent very short, 27 percent short, 63 percent adequate, and 2 percent surplus. Subsoil moisture supply was rated 17 percent very short, 35 percent short, 47 percent adequate, and 1 percent surplus. Corn harvested for grain reached 91 percent, compared to the 5-year average of 83 percent. Soybeans harvested reached 86 percent, compared to the 5-year average of 69 percent. Cotton harvested reached 84 percent, compared to the 5-year average of 66 percent. Winter wheat planted reached 79 percent, compared to the 5-year average of 68 percent. Winter wheat emerged reached 44 percent, compared to the 5-year average of 45 percent. Winter wheat condition was rated 1 percent very poor, 5 percent poor, 33 percent fair, 56 percent good, and 5 percent excellent.

MISSOURI WEEKLY HAY SUMMARY

From one extreme to the other, Drought conditions were replaced by heavy rains and extreme flooding in much of the southern half of the state. In the south-central region of the state rain amounts of over 12 inches were reported in relatively short time frame. Several major roads were closed temporarily with several secondary roads and county roads seeing a lot of damage that will have to be repaired. The one positive is that some grass is already greening and growing ever so slightly as there has yet to be a killing frost and temperatures have been above normal. Hay prices are fully steady. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 150.00-200.00
Mixed grass-Fair/Good 100.00-150.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-60.00 per large round bale
Corn Stalks - 35.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 11/18/2024

Monday's Missouri Stocker formula consists of 6397 (5330) head with a weighted average weight of 550.66 (535.08) lbs. and a price value of 290.75 (262.67), 4.70 higher (4.30 higher) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 34,221 Week Ago: 22,960 Year Ago: 33,290

Compared to last week, feeder steers and heifers under 600 lbs. sold 5.00 to 10.00 higher with some spots as much as 20.00 higher on lighter weights with good health programs and suitable condition for grazing. Heavier weights over 600 lbs. sold steady to 5.00 higher. Moisture over the last couple of weeks in wheat growing areas have really improved moods and orders for grazers were abundant this week. Most buyers however want calves that can go straight out to pasture with out having to worry about holding them for a couple of weeks and playing vet dealing with health concerns. A more moderate supply of cattle this week following the disruptions to transportation that were still a concern early last week. A few stick-out sales this week included a 47 head of 506 lb. steers at Callaway Livestock Center that sold for 324.75. A load of 617 lb. steers at South Central Regional Stockyards that sold for 305.00. Joplin Regional Stockyards sold 105 head of 705 lb. steers for 284.00. MoKan Livestock Market sold 128 head of 801 lb. steers for 268.75. Lolli Brothers Livestock Market sold a load of 868 lb. steers for 256.25. A few stick out sales of heifers this week included 27 head of 599 lb. heifers at South Central Regional Stockyards for 315.00. Tina Livestock Market sold a load of 646 lb. heifers for 270.25 as well as a load of 725 lb. heifers for 260.00. Boxed beef cutouts continue to move lower. Choice closed on Friday at 303.34, down 4.59 and Select closed at 276.91, down 3.05 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled just over 69K head as of the 2:00 report cutoff time. Sales were generally 2.00 to 4.00 lower this week. Live sales were reported mostly at 185.00 and dressed sales at 290.00. The Missouri Stocker formula consists of 6397 head with a weighted average weight of 550.66 lbs. and a price value of 290.75, 4.70 higher than a week ago. The steer/heifer spread is 28.08 per cwt.

MISSOURI WEEKLY HAY SUMMARY 11/15/24

Many farmers in the south are now in clean up mode following the historic flooding in some areas. Fence repair is the most pressing task, but the removal of limbs and trash is also going to have to take place. Roads are being repaired but some are expected to take a significant amount of time and work. Even with the extreme rains other areas of the state are still dry. All of the western and northern parts of the state are still showing on the drought monitor accounting for 60 percent of the state. Hay prices are fully steady. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 35.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-60.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 11/18/2024

Monday's Missouri Stocker formula consists of **6397 (5330)** head with a weighted average weight of **550.66 (535.08)** lbs. and a price value of **290.75 (262.67)**, 4.70 higher (4.30 higher) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 31,850 Week Ago: 34,221 Year Ago: 26,863

Compared to last week, feeder steers and heifers sold steady to 5.00 higher, with some instances of 10.00 higher. Demand is good to very good with buyers continuing to aggressively buy up any quality calves that can go straight to grazing pastures. The supply was moderate and fairly evenly spread across weight ranges this week. The monthly Cattle on Feed Report was released on Friday with out much in the way of any surprises. On feed and marketings were right as expected, placements were slightly higher than the average pre-report estimate but within the range and there for will likely be viewed as a neutral report. A few stick-out sales this week included a 65 head of 496 lb. steers at South Central Regional Stockyards that sold for 348.50. Ozarks Regional Stockyards sold 90 head of 522 lb. steers for 325.00. Joplin Regional Stockyards sold 145 head of 661 lb. steers for 290.00 as well as 219 head of 760 lb. steers for 274.00. Unionville Livestock Market sold 4 loads of steers from 855-873 lbs. from 263.25-269.00. Callaway Livestock Center sold 21 head of 516 lb. heifers for 295.50 and a full load of 689 lb. heifers at 263.75. Kingsville Livestock Auction sold 24 head of heifers 715 lbs. tagged as thin for 264.75.00. Boxed beef cutouts were mixed with the Choice/Select spread setting at 35.34. Choice closed on Friday at 307.41, up 4.07 and Select closed at 272.07, down 4.07 compared to last Friday. Negotiated fedlot sales as of the Friday afternoon report totaled just over 53K head as of the 2:00 report cutoff time. Sales were higher early week and gained strength as the week progressed. Live sales were reported mostly from 185.00-188.00 and dressed sales mostly at 290.00 with some up to 300.00. The Missouri Stocker formula consists of 5905 head with a weighted average weight of 553.28 lbs. and a price value of 292.62, 1.87 higher than a week ago. The steer/heifer spread is 29.20 per cwt.

MISSOURI WEEKLY HAY SUMMARY 11/22/24

After a very warm weekend it felt like winter as winds turned from the north mid-week and much colder air arrived. Scattered rains continue to provide slight improvement to the drought monitor. Currently about 50 percent of the state is drought free with the other 50 percent fairly evenly split between D1 and D2 status. Hay movement is light. Hay prices are steady. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 35.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-60.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday negotiated cash trading has been inactive on
very light demand in all regions. Not enough purchases for a mar-
ket trend. The last reported market in all regions was on Wednes-
day. In the Texas Panhandle live FOB purchases traded from
188.00-190.00. In Nebraska live FOB and dressed purchases trad-
ed from 190-192.00 and at 295.00, respectively. In the Western
Cornbelt live FOB and dressed purchases traded at 190.00 and
from 294.00-305.00, respectively.

MISSOURI WEEKLY HAY SUMMARY W/E 11/22/24

After a very warm weekend it felt like winter as winds turned from the north mid-week and much colder air arrived. Scattered rains continue to provide slight improvement to the drought monitor. Currently about 50 percent of the state is drought free with the other 50 percent fairly evenly split between D1 and D2 status. Hay movement is light. Hay prices are steady. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 35.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-60.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 12/09/2024

Monday's Missouri Stocker formula consists of **10,471 (9743)** head with a weighted average weight of **\$55.21 (\$39.30)** lbs., and a price value of **318.14 (281.69)**, 9.87 higher (3.42 higher) than last week.

This is a rolling seven day calculated value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 53,185 Week Ago: 30,118 Year Ago: 51,752

Compared to last week, feeders under 750 lbs. sold 10.00 to 15.00 higher, feeders over 750 lbs. sold steady to 5.00 higher. Another tremendous week in the state as demand for cattle extremely out weights the supply is currently. Even with a big week at the auctions overall the supply is tight and there is no denying that. Grazing calves that come with shots and a few bells and whistles seem to have no top with some of the feather wighis seeing dollar per lb. prices that have gone viral on social media and have audience members questioning the sanity of bidders. Prices have pushed back to record or very near record highs again for all weights of cattle. As the year winds down a lot of special replacement cow sales around the state offering opportunities for producers to add to the herd, overall growth is questionable and more likely numbers are just being maintained as the extremely high feeder prices have not been encouraging for producers to hold and develop heifers over the last year. A few stick-out sales this week included a 46 head of 472 lb. steers at Green City Livestock Market that sold 405.00. Ozarks Regional Stockyards sold 42 head of 516 lb. steers for 359.00. New Cambria Livestock Auction sold 49 head of 572 lbs. steers for 335.00. Loli Brothers Livestock Market sold a load of fancy 710 lb. steers for 291.50. Joplin Regional Stockyards sold 376 head of 606 lb. steers for 324.00 and 179 head of 800 lb. steers for 268.00. Windsor Livestock Auction sold a load of 856 lb. steers for 265.00. Boxed beef cutouts were mixed with the Choice/Select spread setting at 35.31. Choice closed on Friday at 312.04, up 1.52 and Select closed at 276.73, up 2.43 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled 56K head as of the 2:00 report cutoff time. Sales were higher for the week. Live sales were reported mostly from 190,00-192,00 and dressed sales mostly at 297.00. The Missouri Stocker formula consists of 10,471 head with a weighted average weight of 555.21 lbs. and a price value of 318.14, 9.87 higher than a week ago. The steer/heifer spread is 36.45 per cwt. Supply included: 85% Feeder Cattle (57% Steers, 0% Dairy Steers, 41% Heifers, 2% Bulls); 7% Slaughter Cattle (2% Steers, 1% Heifers, 86% Cows, 11% Bulls); 8% Replacement Cattle (7% Stock Cows, 48% Bred Cows, 24% Bred Heifers, 14% Cow/Calf Pairs, 6% Heifer Pairs, 0% Bulls). Feeder cattle supply over 600 lbs was 53%.

GRAIN CRUSH REPORT 12/2/24

Total corn consumed for alcohol and other uses was 510 million bushels in October 2024. Total corn consumption was up 3 percent from September 2024 but down less than 1 percent from October 2023. October 2024 usage included 92.3 percent for alcohol and 7.7 percent for other purposes. Corn consumed for beverage alcohol totaled 3.49 million bushels, down 1 percent from September 2024 and down 46 percent from October 2023. Corn for fuel alcohol, at 460 million bushels, was up 3 percent from September 2024 but down less than 1 percent from October 2023. Corn consumed in October 2024 for dry milling fuel production and wet milling fuel production was 92.4 percent and 7.6 percent, respectively.

Dry mill co-product production of distillers dried grains with solubles (DDGS) was 1.87 million tons during October 2024, up 4 percent from September 2024 and up 1 percent from October 2023. Distillers wet grains (DWG) 65 percent or more moisture was 1.31 million tons in October 2024, up 14 percent from September 2024 but down 5 percent from October 2023.

Wet mill corn gluten feed production was 251,577 tons during October 2024, down 8 percent from September 2024 and down 5 percent from October 2023. Wet corn gluten feed 40 to 60 percent moisture was 205,988 tons in October 2024, up 18 percent from September 2024 but down 3 percent from October 2023.

OILSEED CRUSH REPORT 12/2/24

Soybeans crushed for crude oil was 6.47 million tons (216 million bushels) in October 2024, compared with 5.60 million tons (187 million bushels) in September 2024 and 6.04 million tons (201 million bushels) in October 2023. Crude oil produced was 2.57 billion pounds, up 16 percent from September 2024 and up 8 percent from October 2023. Soybean once refined oil production at 1.91 billion pounds during October 2024 increased 9 percent from September 2024 and increased 4 percent from October 2023.

Canola seeds crushed for crude oil was 218,185 tons in October 2024, compared with 204,907 tons in September 2024 and 202,333 tons in October 2023. Canola crude oil produced was 171 million pounds, up 6 percent from September 2024 and up 6 percent from October 2023. Canola once refined oil production, at 182 million pounds during October 2024, was up 7 percent from September 2024 and up 8 percent from October 2023.

Cottonseed once refined oil production, at 38.7 million pounds during October 2024, was up 54 percent from September 2024 and up 11 percent from October 2023.

Edible tallow production was 74.8 million pounds during October 2024, down 34 percent from September 2024 and down 2 percent from October 2023. Inedible tallow production was 320 million pounds during October 2024, down 4 percent from September 2024 but up 1 percent from October 2023. Technical tallow production was 131 million pounds during October 2024, up 6 percent from September 2024 and up 21 percent from October 2023. Choice white grease production, at 93.7 million pounds during October 2024, decreased 2 percent from September 2024 and decreased 10 percent from October 2023.

MISSOURI WEEKLY HAY SUMMARY 12/05/2024

Winter arrived with the holiday last week, bringing much colder temperatures and snow to some areas. Much of the i-70 corridor saw accumulation with the heaviest just over 4 inches. There continues to be about 55 percent of the state in drought status while much of that which is not listed is the areas in southcentral that saw record flooding just a few weeks ago. There is still continued clean up along with road and fence repair going on in parts of that area. Hay prices are steady although movement is very slow with a lot of hay just setting. The supply of hay is moderate to heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 5.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 35.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-60.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

HEIFERS: Medium and Large 1

MISSOURI STEER (HEIFER) STOCKER FORMULA 12/16/2024

Monday's Missouri Stocker formula consists of **8,387 (8,306)** head with a weighted average weight of **550.26 (543.28)** lbs. and a price value of **317.70 (280.79)**, 0.44 lower (0.90 lower) than last week.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and musclet classifications, including all common cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 47,900 Week Ago: 53,185 Year Ago: 37,579

Compared last week, feeders sold mostly steady with spots 5.00 higher. Although slightly smaller than the previous week, it was another big week for cattle movement in the state. There was still plenty of reputation cattle offered at various sales overall however most reporters noted quality was a bit less attractive with fewer big, long strings compared to the previous week. This was especially true for lighter weights as gooseneck load sized drafts were about as big as it got rather than seeing pot load sized drafts. The market has been incredible the last month nearly every barn has been able to sale a few drafts of something at prices they have never before seen. The feeder cattle index set a new high early last week only to surpass it later in the week on Thursday topping at 263.07. This has seemed to encourage many producers to market cattle a bit earlier and at lighter weights than what might be typical for their specific operation. There has also been a lot of special replacement sales held the last couple of weeks allowing the opportunity for producers to grow the factory if they so desire. Prices and demand tend to support at the very least that there has been shift from liquidation to maintaining if not starting to perhaps grow. There no doubt has been a tremendous number of cows leave the farm and herd dispersals with some producers having no plans to return to production so there is a wide number of factors to overcome in order to see any real growth. One thing that isn't a factor currently at least is feed, there is a more than ample supply of corn and hay that can be fed at a relatively low cost. A few stock-out sales this week included 18 head of 421 lb. steers at Joplin Regional Stockyards which sold for 425.00. Kingsville Livestock Auction has several stick out sales this week which included 18 head of thin 349 lb. steers at 460.00 and 52 head of 703 lb. steers at 287.50. Unionville Livestock Market sold 22 head of 531 lb. steers at 370.00 and a load of 825 lb. steers at 273.00. Callaway Livestock Center sold 62 head of 834 lb. steers at 264.00. Interstate Regional Stockyards sold 25 head of 641 lbs. steers at 323.00. There was an equally impressive amount of stick out heifer sales which included 21 head of 514 lb. heifers at Kingsville Livestock Market which sold for 314.50, and 216 head of 767 lb. heifers at 255.00. Windsor Livestock Auction sold 55 head of 633 lb. heifers at 281.50. Joplin Regional Stockyards sold 114 head of 735 lb. heifers at 265.00. Boxed beef cutouts had modest gains for the week. Choice closed on Friday at 316.39, up 4.35 and Select closed at 283.86, up 7.13 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled 75K head as of the 2-00 report cutoff time. A few sales were reported very early this week at steady to slightly higher money and the markets seemed to gain strength the longer the week went on resulting in some wider spreads this week. Live sales were reported from 191.00-196.00 and dressed sales from 298.00-305.00 with a couple of instances of 312.00 and 315.00. The Missouri Stocker formula consists of 8387 head with a weighted average weight of 550.26 lbs. and a price value of 317.70, 0.44 lower than a week ago. The steer/heifer spread is 36.91 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday in the Southern Plains negotiated cash trading has been
inactive on very light demand. In the Texas Panhandle, thus far for the
week live FOB purchases have traded from 191.00 -192.00, with a light
test noted. In Kansas, the last reported market was on Tuesday with live
FOB purchases at 191.00. In Nebraska negotiated cash trading has been
limited with light demand. In the Western Cornbelt negotiated cash trad-
ing has been inactive on very light demand. In these two regions, Thurs-
day was the last reported live FOB and dressed delivered purchase market
from 195.00-196.00 and at 305, respectively.

WORLD AG SUPPLY AND DEMAND ESTIMATES

WHEAT: This month's 2024/25 U.S. wheat outlook is for slightly larger supplies, unchanged domestic use, increased exports, and lower ending stocks. Imports are raised 5 million bushels to 125 million on a strong pace for Hard Red Spring. Exports are raised 25 million bushels to 850 million. White wheat exports are increased 15 million bushels to 210 million, on stronger-than-expected sales and shipments to East Asian markets. Exports for Soft Red Winter and Hard Red Spring are both raised 5 million bushels. Projected wheat ending stocks are reduced by 20 million bushels to 795 million, still up 14 percent from last year. The season-average farm price is unchanged at \$5.60 per bushel.

COARSE GRAINS: This month's 2024/25 U.S. corn outlook is for greater corn used for ethanol, larger exports, and lower ending stocks. Corn used to produce ethanol is raised 50 million bushels to 5.5 billion, based on the most recent data from the Grain Crushings and Co-Products Production report and weekly ethanol production data as reported by the Energy Information Administration for the month of November. These data imply corn used for ethanol during the September to November quarter was the highest since 2017. Corn exports are raised 150 million bushels to 2.5 billion reflecting the pace of sales and shipments to date. With no other use changes, corn ending stocks are reduced 200 million bushels to 1.7 billion. The season-average corn price received by producers is unchanged at \$4.10 per bushel.

OILSEEDS: Total U.S. oilseed production for 2024/25 is forecast at 131.2 million tons, up slightly due to an increase for cottonseed. Soybean supply and use projections are unchanged. Soybean oil production is raised from last month on a higher extraction rate. With higher soybean oil supplies and strong export commitments to date, exports are raised 500 million pounds to 1.1 billion. Food, feed, and other industrial use of soybean oil is reduced 200 million pounds, leaving soybean oil ending stocks down slightly and similar to the 2023/24 marketing year. The U.S. season-average soybean price is forecast at \$10.20 per bushel, down \$0.60 from last month. The soybean meal price forecast is reduced \$20 to \$300 per short ton. The soybean oil price is forecast unchanged at 43 cents per pound.

MISSOURI WEEKLY HAY SUMMARY 12/13/2024

Colder weather seems have settled in for the winter. Most all farmers are feeding at least a little at this point although feeding needs will continue to increase for a while as winter progresses until full diets are met. The hay market is basically in some sideways movement with prices unevenly steady. The supply of hay is moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 15.00-25.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 12/23/2024

Monday's Missouri Stocker formula consists of 5,172 (4,598) head with a weighted average weight of \$49.54 (\$38.52) lbs. and a price value of \$17.66 (\$21.00), 0.04 lower (0.21 higher) than last week.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all common cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 30,278 **Week Ago:** 47,900 **Year Ago:** 29,449

Compared to last week, steers and heifers under 600 lbs. sold mostly steadily with instances of a few dollars on either side of steady, feeders over 600 lbs. sold steady to 5.00 higher. A lighter offering at most barns this week as business begin to slow prior to the holidays. Price levels continue to be at or very near all-time record highs as the year comes to an end. The monthly Cattle on Feed Report was

CATTLE ON FEED

United States Cattle on Feed Down Slightly

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 12.0 million head on December 1, 2024. The inventory was slightly below December 1, 2023.

Placements in feedlots during November totaled 1.80 million head, 4 percent below 2023. Net placements were 1.74 million head. During November, placements of cattle and calves weighing less than 600 pounds were 495,000 head, 600-699 pounds were 420,000 head, 700-799 pounds were 375,000 head, 800-899 pounds were 276,000 head, 900-999 pounds were 145,000 head, and 1,000 pounds and greater were 85,000 head.

Marketings of fed cattle during November totaled 1.73 million head, 1 percent below 2023.

Other disappearance totaled 55,000 head during November, 2 percent above 2023.

MISSOURI WEEKLY HAY SUMMARY 12/20/2024

Recent moisture helped to improve the drought monitor over the last week. Still forty percent of the state is listed as abnormally or moderately dry, mostly the western boarder and a few counties in the northeast. Overall mild weather with above average temperatures for the fall has preserved much of the abundant hay supply which is good given how little fall pasture existed. Hay moment remains fairly slow and there is plenty hay for sale with much of it priced below the cost of production. Hay prices are unevenly steady. The supply of hay is moderate to heavy, and demand is generally light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 15.00-25.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Special Note: This report will not be published the week ending Dec 27th.

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 12/30/2024

Monday's Missouri Stocker formula consists of 0 head with a weighted average weight of 0 lbs. and a price value of 0

*Low volume due to lack of sales due to the holiday. *

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY 12/23/24

Total Receipts: 30,278 Week Ago: 47,900 Year Ago: 29,449

Compared to last week, steers and heifers under 600 lbs. sold mostly steady with instances of a few dollars on either side of steady, feeders over 600 lbs. sold steady to 5.00 higher. A lighter offering at most barns this week as business begin to slow prior to the holidays. Price levels continue to be at or very near all-time record highs as the year comes to an end. The monthly Cattle on Feed Report was released Friday with no surprises as all three categories were right in line with pre-report expectations. Winter officially arrived over the weekend, following an overall mild Fall everyone is currently setting on good supplies of feed to start off the new year in good shape for when harsher weather arrives as some point. A few stick-out sales this week included 24 head of 421 lb. steers at Joplin Regional Stockyards which sold for 405.00 and 34 head of 506 lb. steers for 350.00. New Cambria Livestock Auction sold 30 head of 609 lb. steers at 326.50. Lolli Brothers Livestock Market had several full loads of high-quality cattle this week, including 81 head of 659 lbs. steers that sold for 316.00, 78 head of 712 lb. steers for 289.75 and 70 head of 763 lb. steers for 275.25. Callaway Livestock Center sold a load of 813 lb. steers for 266.50. Tina Livestock Market sold a load of 861 lb. steers at 257.50 as well as 21 head of 530 lb. heifers for 318.00. Lolli Brothers Livestock Market also had several stick out sales on the heifer side of the market this week with a load of 695 lb. heifers which sold for 277.00, three load of 720-735 lb. heifers which all sold for 266.75, and a load of 759 lb. heifers which brought 260.75. Boxed beef cutouts were mixed for the week. Choice closed on Friday at 315.85, down 0.54 and Select closed at 285.91, up 2.05 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled just shy of 47K head as of the 2:00 report cutoff time. Live sales were reported from 191.00-196.00 and dressed sales from mostly 305.00 with a couple of instances up to 315.00. IA and NE accounted for nearly all the trade reported with only very light numbers reported in KS and nearly nothing in TX. The Missouri Stocker formula consists of 5172 head with a weighted average weight of 549.54 lbs. and a price value of 317.66, 0.04 lower than a week ago. The steer/heifer spread is 36.66 per cwt.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in the Southern Plains negotiated cash trade has been light to moderate with moderate demand. Compared to last week live FOB purchases traded 1.00-2.00 higher from 192.00 - 193.00. In Nebraska and Western Cornbelt negotiated cash trading has been light on light demand. In Nebraska, a few dressed delivered purchases traded at 307.00. In the Western Cornbelt, a few live FOB purchases traded at 196.00. However, not enough purchases in either region for a full market trend. For the prior week in Nebraska and the Western Cornbelt, live FOB purchases traded from 195.00-195.50 and 195.00-196.00, respectively. Dressed delivered purchases in Nebraska and the Western Cornbelt traded at 305.00.

COLD STORAGE

November 2024 Highlights

Total natural cheese stocks in refrigerated warehouses on November 30, 2024 were down 1 percent from the previous month and down 7 percent from November 30, 2023.

Butter stocks were down 20 percent from last month but up slightly from a year ago.

Total frozen poultry supplies on November 30, 2024 were down 9 percent from the previous month and down 7 percent from a year ago. Total stocks of chicken were up 1 percent from the previous month but down 8 percent from last year. Total pounds of turkey in freezers were down 34 percent from last month and down slightly from November 30, 2023.

Total frozen fruit stocks were down 7 percent from last month and down 3 percent from a year ago. Total frozen vegetable stocks were down 4 percent from last month and down 5 percent from a year ago.

Total red meat supplies in freezers were down 3 percent from the previous month and down 5 percent from last year. Total pounds of beef in freezers were up 2 percent from the previous month but down 4 percent from last year. Frozen pork supplies were down 8 percent from the previous month and down 6 percent from last year. Stocks of pork bellies were up 39 percent from last month but down 53 percent from last year.

QUARTERLY HOGS AND PIGS

United States Hog Inventory Up 1 Percent

United States inventory of all hogs and pigs on December 1, 2024 was 75.8 million head. This was up 1 percent from December 1, 2023, but down slightly from September 1, 2024.

Breeding inventory, at 6.00 million head, was up slightly from last year, but down 1 percent from the previous quarter.

Market hog inventory, at 69.8 million head, was up 1 percent from last year, but down slightly from last quarter.

The September-November 2024 pig crop, at 35.2 million head, was up 2 percent from 2023. Sows farrowing during this period totaled 2.96 million head, down slightly from 2023. The sows farrowed during this quarter represented 49 percent of the breeding herd. The average pigs saved per litter was 11.92 for the September-November period, compared to 11.66 last year.

MISSOURI WEEKLY HAY SUMMARY 12/20/2024

Recent moisture helped to improve the drought monitor over the last week. Still forty percent of the state is listed as abnormally or moderately dry, mostly the western boarder and a few counties in the northeast. Overall mild weather with above average temperatures for the fall has preserved much of the abundant hay supply which is good given how little fall pasture existed. Hay moment remains fairly slow and there is plenty hay for sale with much of it priced below the cost of production. Hay prices are unevenly steady. The supply of hay is moderate to heavy, and demand is generally light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 15.00-25.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Special Note: This report will not be published the week ending Dec 27th.

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.
